Black Pioneers In A White Denomination

Delroy A. Reid-Salmon

Black Pioneers In A White Denomination:

Black Pioneers in a White Denomination Mark D. Morrison-Reed,1994 Focusing largely on two pioneering black ministers Egbert Ethelred Brown founder of the first Unitarian church in Harlem and Lewis A McGee founder of the Interracial Free Religious Fellowship in Chicago s black ghetto *Black Pioneers* paints a painful yet important portrait of racism in liberal religion Includes compelling stories from some of today s more integrated Unitarian Universalist congregations and biographical notes on past and present black Unitarian Universalist and UU ministers **Black**

Pioneers in a White Denomination Mark D. Morrison-Reed,1984 Examines the role of Black Americans in the history of the Unitarian Church and discusses the experiences of two early Black Unitarian ministers **Black Pioneers in a White**

Denomination Mark D. Morrison-Reed,1980 [The Origins of Black Humanism in America](#) J. Floyd-Thomas,2008-10-13 By

examining the minister who helped inspire the founding of the Harlem Unitarian Church Reverend Ethelred Brown Floyd Thomas offers a provocative examination of the religious and intellectual roots of Black humanist thought [Varieties of](#)

[African American Religious Experience](#) Anthony B. Pinn,2017-10-15 Twenty years ago Anthony Pinn s engrossing survey

highlighted the rich diversity of black religious life in America revealing expressions of an ever changing black religious quest Based on extensive research travel and interviews Pinn s work provides a fascinating look especially at Voodoo

Santeria the Nation of Islam and black humanism in the United States and uses the diversity of religious belief to begin formulation of a comparative black theology the first of its kind This twentieth anniversary edition is an expanded version

including a new preface and a new concluding chapter An important contribution to classroom studies *The Oxford*

Handbook of African American Theology Katie G. Cannon,Anthony B. Pinn,2014 The Oxford Handbook of African American Theology brings together leading scholars in the field to present a critical and comprehensive analysis of African American

Theology in its many forms and contexts providing an interdisciplinary examination of the nature content and meaning of this form of theology **The African American Religious Experience in America** Anthony B. Pinn,2005-11-30 Most who

think about African American religion limit themselves to black churches or perhaps to aspects of Islamic thought and practice But a close look at the religious landscape of African American communities presents a much more complex thick

and layered religious reality comprising many competing faiths and practices The African American Religious Experience in America provides readers with an introduction to the tremendous religious diversity of African American communities in the

United States with snapshots of 11 religious traditions practiced by African Americans from Buddhism to Catholicism from Judaism to Voodoo Each snapshot provides readers a better understanding of how African Americans practice their faiths in

the United States The African American Religious Experience in America provides resources for students taking classes on the history of American religion African American Studies and on American Studies In addition to the in depth discussion of

the varieties of African American Religion the volume includes a historical introduction to the development of African

American Religion a glossary of terms a timeline of important events a series of short biographies of important figures in the history of African American religion and a bibliography of sources for further study Finally the book includes a series of primary source documents that will provide students with first person accounts of how religion is practiced in the African American community both today and in the past

Home Away from Home Delroy A. Reid-Salmon, 2014-12-18 An estimated two thirds of Caribbeans live outside their homeland Home Away from Home identifies the different forms of Caribbean diasporan identity and argues that the faith Caribbean people brought with them into the diaspora plays a central role in their development The study provides a theological interpretation of the diasporan experience and outlines the principles of diasporan theology and the distinctiveness of its church Focusing on the Caribbean diaspora in the US and analysing aspects of the Caribbean British diaspora the book forges a Black Atlantic theology The volume also engages with wider discourse on the Black diaspora to offer an inclusive Caribbean diasporan ecclesiology that overcomes Black African American Euro American binaries

The Black Practice of Disbelief Anthony Pinn, 2024-05-21 A short introduction to Black Humanism its history its present and the rich cultural sensibilities that infuse it In the United States to be a Black American is to be a Black Christian And there s something to this assumption in that the vast majority of African Americans are Christian However in recent years a growing number of African Americans have said they claim no particular religious affiliation they are Black nones And of these Black nones the most public and vocal are those who claim to be humanists What does it mean to be a Black humanist What do Black humanist believe and what do they do This slim volume answers these questions Animated by 6 central principles and discussed in terms of its history practices formations and community rituals this book argues that Black humanism can be understood as a religious movement Pinn makes a distinction between theism and religion which is simply a tool for examining naming and finding the meaning in human experience Black humanism based on this definition isn t theistic but it is a religious system used to explore human experience and foster life meaning It infuses humanism with rich cultural sensibilities drawn from Black experience As shown in these pages thinking about Black humanism this way frees readers from making unfounded assumptions and enables them to better appreciate the secular beliefs ritual structures and community formation constituted by Black humanists

The Kentucky African American Encyclopedia Gerald L. Smith, Karen Cotton McDaniel, John A.
