

BLACK SECTS AND CULTS

The title 'BLACK SECTS AND CULTS' is written in large, bold, black, sans-serif capital letters. Five stylized, light-skinned hands are positioned as if reaching up from the bottom of the letters. One hand is inside the 'B', one is between the 'A' and 'C' of 'BLACK', one is inside the 'C' of 'SECTS', one is inside the 'A' of 'AND', and one is inside the 'C' of 'CULTS'.

Black Sects And Cults:

Black Sects and Cults Joseph R. Washington, 1973 *Black Sects and Cults* Joseph R. Washington, 1973 **Black gods of the metropolis** Arthur Huff Fauset, 1971 *Black Gods of the Metropolis* Arthur Huff Fauset, 1971 Stemming from his anthropological field work among black religious groups in Philadelphia in the early 1940s Arthur Huff Fauset believed it was possible to determine the likely direction that mainstream black religious leadership would take in the future a direction that later indeed manifested itself in the civil rights movement The American black church according to Fauset and other contemporary researchers provided the one place where blacks could experiment without hindrance in activities such as business politics social reform and social expression With detailed primary accounts of these early spiritual movements and their beliefs and practices *Black Gods of the Metropolis* reveals the fascinating origins of such significant modern African American religious groups as the Nation of Islam as well as the role of lesser known and even forgotten churches in the history of the black community In her new foreword historian Barbara Dianne Savage discusses the relationship between black intellectuals and black religion in particular the relationship between black social scientists and black religious practices during Fauset's time She then explores the complexities of that relationship and its impact on the intellectual and political history of African American religion in general **Ebony**, 1973-01 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Social Science and the Cults** John A. Saliba, 2019-03-20 This book first published in 1990 brings together descriptive comparative and theoretical materials on cults and sects in Western culture focusing on literature published since 1970 A historical section links the rise of the new movements to similar past phenomena in Western culture Other sections examine the methodology of studying religious movements and the various theories which have been brought to explain them current studies on traditional sects that are sometimes compared to the new religions and many studies of individual contemporary cults *Peoples Temple and Black Religion in America* Rebecca Moore, Anthony B. Pinn, Mary R. Sawyer, 2004-03-11 The Peoples Temple movement ended on November 18 1978 in their utopianist community of Jonestown Guyana when more than 900 members died most of whom took their own lives Only a handful lived to tell their story Little has been written about the Peoples Temple in the context of black religion in America Twenty five years after the tragedy of Jonestown scholars from various disciplines assess the impact of the Peoples Temple on the black religious experience The New Black Gods Edward E. Curtis IV, Danielle Brune Sigler, 2009-04-23 Taking the influential work of Arthur Huff Fauset as a starting point to break down the false dichotomy that exists between mainstream and marginal a new generation of scholars offers fresh ideas for understanding the religious expressions of African Americans in the United States Fauset's 1944 classic *Black Gods of the Metropolis* launched original methods and theories for thinking about African American religions as modern cosmopolitan and democratic The essays in this collection show the diversity of African American

religion in the wake of the Great Migration and consider the full field of African American religion from Pentecostalism to Black Judaism Black Islam and Father Divine's Peace Mission Movement As a whole they create a dynamic humanistic and thoroughly interdisciplinary understanding of African American religious history and life This book is essential reading for anyone who studies the African American experience *To Know the Soul of a People* Jamil W. Drake, 2022 To Know the Soul of a People is a history of religion and race in the agricultural South before the Civil Rights era Jamil W Drake chronicles a cadre of social scientists who studied the living conditions of black rural communities revealing the abject poverty of the Jim Crow south These university affiliated social scientists documented shotgun houses unsanitary privies and contaminated water scaly hands enlarged stomachs and malnourished bodies However they also turned their attention to the spiritual possessions chanted sermons ecstatic singing conjuration dreams and visions fortune telling taboos and other religious cultures of these communities These scholars aimed to illuminate the impoverished conditions of their subjects for philanthropic and governmental organizations as well as the broader American public in the first half of the 20th century especially during the Great Depression Religion was integral to their efforts to chart the long economic depression across the South From 1924 to 1941 Charles Johnson Guy Johnson Allison Davis Lewis Jones and other social scientists framed the religious and cultural practices of the black communities as folk practices aiming to reform them and the broader South Drawing on their correspondence fieldnotes and monographs Drake shows that social scientists use of folk reveals the religion was an important site for highlighting the supposed mental moral and cultural deficits of America's so called folk population Moreover these social scientists did not just pioneer rural social science and reform but used their study of religion to plant the seeds of the concept that would become known as the culture of poverty in the latter half of the twentieth century To Know the Soul of a People is an exciting intellectual history that invites us to explore the knowledge that animated the earnest yet shortsighted liberal efforts to reform black and impoverished communities *Black Messiahs and Uncle Toms* Wilson Jeremiah Moses, 2010-11-01

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Black Sects And Cults**

In a world inundated with displays and the cacophony of fast interaction, the profound energy and emotional resonance of verbal art often diminish in to obscurity, eclipsed by the constant assault of noise and distractions. Yet, set within the lyrical pages of **Black Sects And Cults**, a fascinating perform of literary splendor that pulses with fresh emotions, lies an unforgettable trip waiting to be embarked upon. Composed by way of a virtuoso wordsmith, this magical opus courses viewers on a mental odyssey, lightly revealing the latent possible and profound affect embedded within the delicate web of language. Within the heart-wrenching expanse of the evocative analysis, we can embark upon an introspective exploration of the book is key styles, dissect its fascinating publishing fashion, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
