Black Work:

Blackwork Mary Gostelow, 1998-01-01 Blackwork or black on white embroidery has long been a popular craft among needleworkers. Often referred to as Spanish work because of its association with Catherine of Aragon and its possible connection with Moorish Spain, blackwork has also been well documented in portraits by Hans Holbein the Younger and other 16th century artists. In the present carefully researched work, this beautiful distinctive and age-old craft receives a comprehensive treatment from veteran needlecrafter Mary Gostelow. She first offers a fascinating background history of blackwork, tracing its use in England, the United States, and other countries. Clear, concise descriptions of stitches and equipment, needles, ground fabric, embroidery thread, and more accompany discussions of contemporary styles and suggestions for innovative patterns. Originally applied to clothing and household items, blackwork is still used today to embellish table linens, bedding, wearing apparel, pillows, wall hangings, and other domestic articles. Enhanced with 140 illustrations, including many close-up sketches of blackwork designs, this intriguing and valuable how-to book will appeal to needlecrafters wanting to apply the time-honored techniques of blackwork to new projects in decorative embroidery.

Blackwork Monica Ferris, 2009-10-06 This Halloween, Betsy Devonshire, owner of the Crewel World needlework shop and part-time sleuth, is haunted by murder. After one too many pints, a local blames bar owner and Wicca practitioner Leona Cunningham for a series of accidents that have happened throughout town. When he ends up dead without a mark on his body, Leona is the main suspect. But Betsy, being on the case, spells trouble for the killer. **Blackwork Embroidery**
