Blacks In College:

College in Black and White Walter Recharde Allen, Edgar G. Epps, 1991-01-01 This book reports findings from the National Study of Black College Students a comprehensive study of Black college students characteristics experiences and achievements as related to student background institutional context and interpersonal relationships Over 4 000 undergraduates and graduate professional students on sixteen campuses eight historically Black and eight predominantly White participated in this mail survey Using these and other data this book systematically examines the current state of Black students in U S higher education Until now our understanding has been limited by inadequate data misguided theories and failure to properly interpret the Black American reality This volume challenges our assumptions and contributes to the growing body of knowledge about Black student experiences and outcomes in higher education Acting Black Sarah Susannah Willie, 2003-12-16 Sarah Willie asks What s it like to be black on campus For most Black students attending predominantly white universities it is a struggle Do you try to blend in Do you take a stand Do you end up acting as the token representative for your whole race And what about those students who attend predominantly black universities How do their experiences differ In *Acting Black* Sarah Willie interviews 55 African American alumnae of two universities comparable except that one is predominantly white Northwestern and one is predominantly black Howard What she discovers through their stories mirrored in her own college experience is that the college campus is in some cases the stage for an even more intense version of the racial issues played out beyond its walls The interviewees talk about acting white in some situations and acting black in others They treat race as many different things including a set of behaviours that they can choose to act out In *Acting Black* Willie situates the personal stories of her own experience and those of her interviewees within a timeline of black education in America and a review of university policy with suggestions for improvement for both black and white universities seeking to make their campuses truly multicultural In the tradition of *The Agony of Education* Routledge 1996 Willie captures the painful dilemmas and ugly realities African Americans must face on campus Historically Black Colleges and Universities M. Gasman, 2008-12-08 Historically Black colleges and universities play a vital role in the education of African Americans in the United States For nearly 150 years these institutions have trained the leadership of the Black community graduating the nation s African American teachers doctors lawyers and scientists Despite the wealth of new research on Black colleges there are topics that remain untouched and accomplishments that go unnoticed by the scholarly community The chapters in this edited volume focus on topics that deserve further attention and that will push students scholars policymakers and Black college administrators to reexamine their perspectives on and perceptions of Black colleges *The Black College Mystique* Charles Vert Willie, Ronald Brown, 2006 This study discussses the ways in which Black colleges can be of help to non Blacks including white students who can benefit from the unique kind of education offered by such schools It compares the culture of black colleges and universities a generation ago with those that exist today and

makes projections into the future based on a comprehensive review of professional literature and an analysis of the management skills of contemporary black college leaders

The Evolving Challenges of Black College Students Terrell L. Strayhorn, Melvin Cleveland Terrell, 2023-07-03 Presenting new empirical evidence and employing fresh theoretical perspectives this book sheds new light on the challenges that Black Students face from the time they apply to college through their lives on campus The contributors make the case that the new generation of Black students differ in attitudes and backgrounds from earlier generations and demonstrate the importance of understanding the diversity of Black identity Successive chapters address the nature and importance of Black spirituality for reducing isolation and race related stress and as a source of meaning making students college selection and decision process and the expectations it fosters first generation Black women s motivations for attending college the social psychological determinants of academic achievement and how resiliency can be developed and nurtured institutional climate and the role of cultural centers as well as identity development and mentoring The book includes a new research study of African American male undergraduates who identify as gay or bisexual discusses the impact of student to student interactions in intellectual development and leadership building describes the successful strategies used by historically Black institutions with at risk men considers the role of parents in Black male students lives and the applicability of the millennial label to the new cohort of African American students The book offers new insights and concrete recommendations for policies and practices to provide the social and academic support for African American students to persist and fully benefit from their collegiate experience It will be of value to student affairs personnel and faculty constitutes a textbook for courses on student populations and their development and provides a springboard for future research

The Black Student's Guide to Colleges Barry Beckham, 1996-12-12 A must for any black high school or college student

The Black Undergraduate Alexander W. Astin, 1990 This report presents a national profile of black college freshmen in 1989 90 and shows how these students have changed based on the past 19 surveys 1971 1989 using data on 16 000 20 000 black freshmen from the Cooperative Institutional Research Program The study focuses on a wide variety of characteristics of black college freshmen family background financial aid and college choice academic factors behavioral patterns aspirations and plans expectations for college self concept and values and attitudes Although the report focuses on black white differences it is emphasized that the items where substantial differences were found were considerably outnumbered by items that yielded minor or no differences Major findings include 1 black students reported lower family incomes and education level than white students 2 black college freshmen have experienced declining access to financial aid in the form of federal grants and have been forced to rely more on student loans 3 low tuition was a major factor in black students decision about which college to attend 4 black freshmen continue to be less well prepared for college compared to their white counterparts 5 career choices of black students do not reflect preference for careers in the sciences or college teaching Nine references JDD

and Black Colleges and Universities United States. National Advisory Committee on Black Higher Education and Black Colleges and Universities,1978 **Opportunities and Challenges at Historically Black Colleges and Universities** M. Gasman,F. Commodore,2014-11-25 In this edited collection the authors grapple with both the strengths and challenges that HBCUs face as the nation s demographics change from their place in American society and growing diversity on HBCU campuses to class and elitism issues to study abroad and honors programs **Success Factors of Young**

African-American Males at a Historically Black College Marilyn Ross,1998-03-30 At a time when American society is desperately seeking to create hope for inner city black youth this study serves as a tool to encourage those responsible for teaching and socializing young African American males who may feel they have little chance for success The study involved 17 African American male students at a historically black college in Miami Florida These students had great desire to achieve and did so despite daunting obstacles such as neighborhoods plagued with drugs gangs and crime Interviewing students at the moment in their lives when they had successfully advanced beyond their environment the author helps them to analyze their past in an honest manner The case studies of the individuals reveal that family is the most relevant factor in the student s success particularly the presence of one person who cares and encourages the young man is vital In President Clinton s speech to the NAACP in July 1997 he remarked I am tired of being told that children cannot succeed because of the difficulties of their circumstances All we do is consign them to staying in the same circumstances It is wrong Through the stories of these students who have overcome their odds this book can serve as an inspiration for younger African American males to prevail over their own hardships
