Blair House Papers National Performance Review:

Blair House Papers National Performance Review (U.S.),1997 *Downsizing the Federal Government* Vernon D Jones,2016-07-01 The main focus of downsizing has shifted from the private to the public sector The cutbacks began in the Department of Defense Now the goal is a federal civilian workforce reduction of 12 percent by the year 2000 This pioneering study looks at the management of workforce reductions in the public sector both in theory and in practice Three case studies of the Defense Logistics Agency the Bureau of Reclamation and the Food and Drug Administration illustrate the organizational managerial and human dimensions of attempting to improve performance with reduced resources The author draws on extensive interviews with senior executives and middle managers in the three agencies at the General Accounting Office the Office of Personnel Management and the National Performance Review the Senior Executives Association and the Federal Managers Association and scholars and researchers In a larger sense this work pushes the boundaries of knowledge concerning organizational change and makes a significant contribution to organization theory It offers important new insights not only for public sector managers but for organization theorists and management specialists whose work on downsizing has been presumed but not shown to be applicable to the public sector *The Federal Labor-management and Employee Relations Consultant* ,1996 *Defense* ,1997 **A Fabulous Failure** Nelson Lichtenstein,Judith Stein,2023-09-12 How the Clinton administration betrayed its progressive principles and capitulated to the right When Bill Clinton was elected president in 1992 he ended twelve years of Republican rule and seemed poised to enact a progressive transformation of the US economy touching everything from health care to trade to labor relations Yet by the time he left office the nation s economic and social policies had instead lurched dramatically rightward exacerbating the inequalities so troubling in our own time This book reveals why Clinton s expansive agenda was a fabulous failure and why its demise still haunts us today Nelson Lichtenstein and Judith Stein show how the administration s progressive reformers people like Robert Reich Ira Magaziner Laura Tyson and Joseph Stiglitz were stymied by a new world of global capitalism that heightened Wall Street influence undermined domestic manufacturing and eviscerated the labor movement Robert Rubin Larry Summers and Al Gore proved champions of this financialized world Meanwhile Clinton divided his own party when he relied on Republican votes to overhaul welfare liberalize trade and deregulate the banking and telecommunications industries Even the economic boom Clinton ushered in which tamed unemployment and sent the stock market soaring in what Alan Blinder and Janet Yellen termed a fabulous decade ended with a series of exploding asset bubbles that his neoliberal economic advisors neither foresaw nor prevented A Fabulous Failure is a study of ideas in action some powerfully persuasive others illusionary and self defeating It explains why and how the Clinton presidency s progressive statecraft floundered in a world where the labor movement was weak civil rights forces quiescent and corporate America ever more powerful *Public Management Reform : A Comparative Analysis* Christopher Pollitt,Geert Bouckaert,1999-12-09 In this

major new contribution to a rapidly expanding field the authors offer an integrated analysis of the wave of management reforms which have swept through so many countries in the last twenty years The reform trajectories of ten countries are compared and key differences of approach discussed Unlike some previous works this volume affords balanced coverage to the New Public Management NPM and the non NPM or reluctant NPM countries since it covers Australia Canada Finland France Germany the Netherlands New Zealand Sweden the UK and the USA Unusually it also includes a preliminary analysis of attempts to improve management within the European Commission

The Executive Branch, Creation and Reorganization Harold Relyea, Thomas P. Carr, 2003 When President George W Bush came into office in January 2001 he arrived from a campaign in which he had emphasised efficiency in government particularly through the use of information technology but had not revealed any plans for reorganising the executive branch Then in the aftermath of the September 11 2001 terrorist attacks on the World Trade Center and the Pentagon the organisation of the federal government for maintaining homeland security and combating terrorism became an important consideration for both the President and the 107th Congress Establishment of the Office of Homeland Security in October 2001 as a coordinating entity as an important first step followed by the President's June 6 2002 call for the creation of a Department of Homeland Security This book regards reorganisation and management as involving the alteration of the program administrative structure and operations of the executive branch for reasons of efficiency economy and direction
