Alliance, Illinois Dave Etter, 2005-02-28 Poems in the tradition of Sherwood Anderson's Winesburg Ohio and Edgar Lee Masters Spoon River Anthology Alliance, Illinois Dave Etter, 1978 In the tradition of Sherwood Anderson's Winesburg Ohio and Edgar Lee Masters Spoon River Anthology each of the 222 poems in this collection is narrated by a different resident of the fictional small town of Alliance Illinois Their voices individual and yet familiar describe the ordered simplicity of life in the American small town during the second half of the twentieth century Dave Etter's themes and images come from the very lifeblood of prairie Illinois rivers trees cornfields wildlife county fairs railroads and always the people and the ever changing seasons Deceptively invitingly simple on their surface Etter's poems reveal upon careful examination a remarkable psychological insight and a careful craftsmanship Alliance Illinois is truly one of the great monuments of rural American literature **Greatest hits, 1960-2000** Dave Etter, 2002 **Studies in Illinois Poetry** John E. Hallwas, 1989

Dictionary of Midwestern Literature, Volume 1 Philip A. Greasley, 2001-05-30 The Dictionary of Midwestern Literature Volume One surveys the lives and writings of nearly 400 Midwestern authors and identifies some of the most important criticism of their writings The Dictionary is based on the belief that the literature of any region simultaneously captures the experience and influences the worldview of its people reflecting as well as shaping the evolving sense of individual and collective identity meaning and values Volume One presents individual lives and literary orientations and offers a broad survey of the Midwestern experience as expressed by its many diverse peoples over time Philip A Greasley's introduction fills in background information and describes the philosophy focus methodology content and layout of entries as well as criteria for their inclusion An extended lead essay The Origins and Development of the Literature of the Midwest by David D Anderson provides a historical cultural and literary context in which the lives and writings of individual authors can be considered This volume is the first of an ambitious three volume series sponsored by the Society for the Study of Midwestern Literature and created by its members Volume Two will provide similar coverage of non author entries such as sites centers movements influences themes and genres Volume Three will be a literary history of the Midwest One goal of the series is to build understanding of the nature importance and influence of Midwestern writers and literature Another is to provide information on writers from the early years of the Midwestern experience as well as those now emerging who are typically absent from existing reference works **Rooted** David R. Pichaske, 2009-05 David Pichaske has been writing and teaching about midwestern literature for three decades In Rooted by paying close attention to text landscape and biography he examines the relationship between place and art His focus is on seven midwestern authors who came of age toward the close of the twentieth century their lives and their work grounded in distinct places Dave Etter in small town upstate Illinois Norbert Blei in Door County Wisconsin William Kloefkorn in southern Kansas and Nebraska Bill Holm in Minneota Minnesota Linda Hasselstrom in Hermosa South Dakota Jim Heynen in Sioux County Iowa and Jim Harrison in upper Michigan The

writers intimate knowledge of place is reflected in their use of details of geography language environment and behavior Yet each writer reaches toward other geographies and into other dimensions of art or thought jazz music and formalism in the case of Etter gender issues in the case of Hasselstrom time past and present in the case of Kloefkorn ethnicity and the role of the artist in the case of Blei magical realism in the case of Heynen the landscape of literature in the case of Holm and the curious worlds of academia best selling novels and Hollywood films in the case of Harrison The result Pichaske notes is the growing away from roots the explorations and alter egos of these writers of place and the tension between the here and there that gives each writer s art the complexity it needs to transcend provincial boundaries Quoting generously from the writers Pichaske employs a practical jargon free literary analysis fixed in the text making Rooted interesting readable and especially useful in treating the literary categories of memoir and literary essay that have become important in recent decades
