Ask Me If I Care:

A Discussion of Ask Me If I Care, an Installation Danielle Michaelis, 1997 **The Immortal Moment** May Sinclair, 2022-08-01 In *The Immortal Moment* May Sinclair presents a profound exploration of time and consciousness through a meticulously crafted narrative. Set in the early 20th century, the novel intertwines the lives of its protagonists, examining the ephemeral nature of existence and the moments that define human experience. Sinclair's literary style is characterized by her psychological depth and modernist sensibilities, reflecting the influences of contemporaries like Virginia Woolf and James Joyce. The narrative delves into the fluidity of memory and the intensity of fleeting moments, capturing the essence of life's beauty and transience with lyrical precision. May Sinclair, a pivotal figure in the modernist movement, was known for her fascination with psychology and her innovative approach to narrative structure. Her background in philosophy and her experiences working as a hospital nurse during World War I profoundly influenced her writing. *The Immortal Moment* stands as a testament to her literary prowess, blending her philosophical inquiries with rich, character-driven narratives that challenge traditional notions of time and reality. Readers seeking a thought-provoking and evocative exploration of life's transient moments will find *The Immortal Moment* indispensable. Sinclair's masterful prose not only enthralls but also encourages introspection, making it a timeless read for anyone interested in the complexities of the human experience.

Effective Skills for Child-Care Workers Susan E. O'Kane, 1994 This manual describes a rigorous preservice training program for child care workers. Topics include professionalism, issues, principles of behavior, tolerance levels, teaching social skills, problem solving, and youth rights, among others. *Take Care of Them Like My Own* Ala Stanford, 2024-08-06 The founder of the Black Doctors Consortium shares her inspiring story of overcoming mind-numbing obstacles. Will Smith, highlighting the devastating racial injustices in our healthcare system, in this empowering call to action. Dr. Ala Stanford knew she wanted to be a doctor by the time she was eight years old. But role models were few and far between in her working-class North Philly neighborhood. Her teachers were dismissive, and the realities of racism, sexism, and poverty threatened to derail her at every turn. Nevertheless, thanks to her faith, family, and the sheer strength of her will, today she is one of the vanishingly small number of Black women surgeons in America and an unrelenting force in the fight for health justice. In *Take Care of Them Like My Own*, Dr. Stanford shares an unflinching account of her story, explaining how her experiences on both sides of the scalpel have informed her understanding of America's racial health gap, an insidious and lethal form of inequality that exacts a devastating toll on Black communities across the country, affluent and underserved alike. When COVID-19 arrived in her hometown of Philadelphia, she knew it would disproportionately affect the Black population. As the city stood idly by, unwilling or unable to protect its most vulnerable citizens, Dr. Stanford took matters into her own hands. She rented a van, made some calls, and began administering tests in church parking lots. Soon she found herself at the helm of a powerful grassroots campaign that successfully vaccinated tens of thousands of Philadelphians. She and her movement are living proof

that by drawing on faith community and inner strength everyday people can affect tremendous change With extraordinary insight sensitivity and intelligence Dr Drew Weissman Nobel Laureate *Take Care of Them Like My Own* offers urgent lessons about the power of communities working together to take care of one another and the importance of fighting for a health care system that truly fulfills its promise to all Americans

Models of Charitable Care: Catholic Nuns and Children in their Care in Amsterdam, 1852-2002 Annelies van Heijst, 2008-06-30 *Models of Charitable Care* analyses the practice of Catholic nuns in Amsterdam in the 19th and 20th century Attention is paid to the ambiguous ascetic spiritual discourse that underpinned their work it encouraged charity as solidarity with strangers but caused intense emotional distance too Historiography is mainly manufactured by religious and lay academics who shared the congregational perspective and presented fairly positive evaluations Criticism from within however is voiced by care leavers who grew up in homes ran by religious Some are grateful others bitter The sisters were living models who combined an anti worldly outlook with a practical concern for vulnerable creatures Relating various theoretical interpretations a typology of three models is developed with agency as the differentiating criterion

Palliative Care for Care Homes Christine Reddall, 2008-11-25 Care home workers increasingly work with people nearing the end of their lives including people with medically complex conditions However many do not have a medical background and find that practical advice on how to address these people s very specific needs is scarce In this book Christine Reddall draws on almost four decades of nursing experience
