Aspects of Language Variation in Arabic Political Speech-making Nathalie Mazraani, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company

Speech-Making Nathalie Mazraani, 2013-02-01 This socio linguistic study throws new light on variation and the defining of register in Arabic political discourse The research is based on three dialects Egyptian Iraqi and Libyan and on political speeches delivered by Gamal Abdunnasir Saddam Hussein and Muammar Al Gadhafi

Beyond Lexical Variation in Modern Standard Arabic Zeinab Ibrahim, 2009-01-14 Beyond Lexical Variation in Modern Standard Arabic presents several aspects concerning Modern Standard Arabic It analyzes the different forms of lexical variation and the causes for these variations This starting point led to many other vital issues related to the present state of the Arabic Language such as language planning native speakers identity and fears and most importantly the relationship between the different Arabic varieties Classical Modern Standard and dialects The book analyzes lexical variation comprehensively and provides deep insights on the present state of the language with some speculations on its future

Arabic Writing in the Digital Age Saussan Khalil, 2022-05-30 The written and spoken forms of Arabic have been traditionally viewed as separate forms of the language that rarely overlap in writing but this book will examine the recently emerged concept of mixed writing that combines both written and spoken forms This book takes a close look at different examples of mixed Arabic writing in modern twentieth to twenty first century print and online literature offering an analysis of this type of mixing alongside a dynamic model for analysing mixed Arabic writing and the motivations for producing this type of writing This book further introduces the ground breaking concept of the seven writing styles for Arabic ranging from Classical Arabic to ChatSpeak whilst also offering an overview of early Arabic literacy and children s literature Primarily aimed at Arabic researchers and teachers in linguistics sociolinguistics identity studies politics and Teaching Arabic as a Foreign Language this book would also be informative for undergraduate and postgraduate students studying Arabic as foreign language Arabic linguistics and dialectology

Arabic and the Media Reem Bassiouney, 2010-03-02 This volume is the first of its kind to deal with the relation between Arabic and the media It focuses on close analyses of examples of media Arabic code switching language variation orthography and constructions of identity and also offers approaches to the use of media for teaching Arabic

The Semitic Languages Stefan Weninger, 2011-12-23 The handbook The Semitic Languages offers a comprehensive reference tool for Semitic Linguistics in its broad sense It is not restricted to comparative Grammar although it covers also comparative aspects including classification By comprising a chapter on typology and sections with sociolinguistic focus and language contact the conception of the book aims at a rather complete unbiased description of the state of the art in Semitics Articles on individual languages and dialects give basic facts as location numbers of speakers scripts numbers of extant texts and their nature attestation where appropriate and salient features of the grammar and lexicon of the respective variety The

handbook is the most comprehensive treatment of the Semitic language family since many decades

Functions of Code Switching in Egypt Reem Bassiouney, 2017-07-03 This book reassesses theoretical approaches to diglossia and code switching in the light of empirical data from Egypt The work is based on a corpus of monologues that includes political speeches mosque sermons and university lectures Part one is a detailed analysis of the systems of negation deixis and mood marking in Modern Standard Arabic and Egyptian Colloquial Arabic with an emphasis on the occurrence and frequency of composite structures in empirical data This analysis provides the basis for an extensive reassessment of theoretical approaches to code switching in part two this reappraisal in turn leads to a thorough analysis of the function of code switching in the Egyptian speech community and of the factors which influence code choice such as role of the speaker audience and subject matter

Handbook of Literacy in Diglossia and in Dialectal Contexts Elinor

Saiegh-Haddad, Lior Laks, Catherine McBride, 2022-03-14 This volume is the first published collection of papers on the impact of diglossia and dialectal variations on language and literacy acquisition impairment and education The authors are pioneering in this field and are leading researchers with substantial experience in conducting research in this area A wide range of areas and languages are covered including the US South Africa Israel and various European countries The chapters present novel data and insights regarding the role of dialectal variations on language and literacy from a wide range of countries and perspectives These insights have significant theoretical and practical implications A majority of literacy learners worldwide are taught to read and write in a language variety or a dialect that is not the same as their spoken language Not only is this the global norm but it is probably also the greatest obstacle to literacy learning This volume is the first published collection of papers on the role of dialect in language and literacy acquisition impairment and education in a variety of languages and situations across Europe the Middle East North America Africa and Asia The authors are pioneers in this field

Arabic Language and Linguistics Reem Bassiouney, E. Graham Katz, 2012-04-13 Arabic one of the official languages of the United Nations is spoken by more than half a billion people around the world and is of increasing importance in today's political and economic spheres The study of the Arabic language has a long and rich history earliest grammatical accounts date from the 8th century and include full syntactic morphological and phonological analyses of the vernaculars and of Classical Arabic In recent years the academic study of Arabic has become increasingly sophisticated and broad This state of the art volume presents the most recent research in Arabic linguistics from a theoretical point of view including computational linguistics syntax semantics and historical linguistics It also covers sociolinguistics applied linguistics and discourse analysis by looking at issues such as gender urbanization and language ideology Underlying themes include the changing and evolving attitudes of speakers of Arabic and theoretical approaches to linguistic variation in the Middle East

The Routledge Handbook of Arabic Sociolinguistics Enam Al-Wer, Uri Horesh, 2019-06-13 The Routledge Handbook of Arabic Sociolinguistics comprises 22 chapters encompassing various aspects in the study of Arabic

dialects within their sociolinguistic context This is a novel volume which not only includes the traditional topics in variationist sociolinguistics but also links the sociolinguistic enterprise to the history of Arabic and to applications of sociolinguistics beyond the theoretical treatment of variation Newly formed trends with an eye to future research form the backbone of this volume With contributions from an international pool of researchers this volume will be of interest to scholars and students of Arabic sociolinguistics as well as to linguists interested in a concise rounded view of the field
