Being Of The Phenomenon Merleau Pontys Ontology:

The Being of the Phenomenon Renaud Barbaras, 2004 Part I Toward ontology The dualism of phenomenology of perception The other Autrui The problem of expression From speech to being Phenomenology and ontology Part II Philosophical interrogation The diplopia of cartesian ontology Fact and essence phenomenology Being and nothingness dialectic Philosophical interrogation Part III The visible Introduction The flesh the visible and the invisible Dimensionality the thing and the world Originary spatio temporality Merleau Ponty s leibnizianism Part IV The invisible Introduction The inner frame of intersubjectivity Desire The flesh of ideality The last chiasm **Continental Realism and Its Discontents** Marie-Eve Morin, 2017-06-23 Speculative realism challenges philosophical approaches and traditions for supposedly failing to do justice to the real world Taking this realist challenge seriously Continental Realism and Its Discontents refuses to discard the philosophical contributions of Kant Schelling Merleau Ponty Derrida and Nancy without closer scrutiny Instead the contributors turn to these thinkers to meet the challenge of realism in contemporary philosophy [The Oxford Handbook of the History of Phenomenology](#) Dan Zahavi, 2018-06-04 This Oxford Handbook offers a broad critical survey of the development of phenomenology one of the main streams of philosophy since the nineteenth century It comprises thirty seven specially written chapters by leading figures in the field which highlight historical influences connections and developments and offer a better comprehension and assessment of the continuity as well as diversity of the phenomenological tradition The handbook is divided into three distinct parts The first part addresses the way phenomenology has been influenced by earlier periods or figures in the history of philosophy The second part contains chapters targeting prominent phenomenologists How was their work affected by earlier figures how did their own views change over time and what kind of influence did they exert on subsequent thinkers The contributions in the third part trace various core topics such as subjectivity intersubjectivity embodiment spatiality imagination etc in the work of different phenomenologists in order to explore how the notions were transformed enriched and expanded up through the century This volume will be a source of insight for philosophers students of philosophy and for people working in other disciplines of the humanities social sciences and sciences who are interested in the phenomenological tradition It is an authoritative guide to how phenomenology started how it developed and where it is heading **The Political Logic of Experience** Neal DeRoo, 2022-06-07 The Political Logic of Experience argues that experience and phenomenology are essentially political with profound implications for our understanding of subjectivity epistemology experience the phenomenological method and politics Drawing on work from across the phenomenological tradition it develops an account of expression as the internal relationship uniting knowing being and doing with both transcendental conditions and empirical phenomena This expressive unification generates subjectivity as an expression of particular communities and subjects as an expression of subjectivity Subjectivity and experience are therefore both revealed to be inherently political prior to their expression in particular subjects In clarifying the political nature of experience and the

constitution of subjectivity the book puts the work of critical phenomenology in dialogue with transcendental phenomenology to reveal the need for a phenomenological politics a field tasked with explaining the expressive co constitutive and necessarily political relationships between subjects and their communities It is only through such a phenomenological politics that we can properly make sense of the epistemological ontological and practical significance of issues like racism and sexism problems that concern our very experience of the world The book reveals phenomenology to be both essentially political and politically essential as it emerges within particular communities and shapes and transforms how individuals within those communities experience the world Touching on issues of transcendental phenomenology political strategy historical interpretation and inter disciplinary phenomenological method the book argues for foundational claims pertaining to phenomenology politics and social criticism that will be of interest to those working in philosophy gender studies race queer theory transcendental and applied phenomenology and beyond **Re: Skin** Mary Flanagan,Austin Booth,2009-01-23

In re skin scholars essayists and short story writers offer their perspectives on skin as boundary and surface as metaphor and physical reality Dust jacket front flap *Race as Phenomena* Emily S. Lee,2019-07-09 This book introduces and explores the relation between race and phenomenology through varied African American Latina Asian American and White American perspectives Phenomenology is best known as a descriptive endeavor to more accurately describe our experience of the world These essays examine the ways in which this relation between phenomenology and race acts as a site of racial meaning Philosophy of race conceives race as a social construction Because of the sedimentation of racial meaning into the very structure and practices of society the socially constructed meanings about features of the body are mistaken as natural Hence although racial meaning is theoretically recognized as socially constructed during an every day interaction racial meaning is mistaken as inevitable and natural Ideal for advanced students in phenomenology and philosophy of race this volume pushes the phenomenological method forward by exploring its relation to questions within philosophy of race

Daoist Encounters with Phenomenology David Chai,2020-01-09 This collection is intercultural philosophy at its best It contextualizes the global significance of the leading figures of Western phenomenology including Husserl Hegel Nietzsche Heidegger Buber and Levinas enters them into intercultural dialogue with the Daoism of Laozi and Zhuangzi and in doing so breaks new ground By presenting the first sustained analysis of the Daoist worldview by way of phenomenological experience this book not only furthers our understanding of Daoism and phenomenology but delves deeper into the roots of human thinking aesthetic expression and its impact on the modern social world The international team of philosophers approach the phenomenological tradition in the broadest sense possible looking beyond the phenomenological language of Husserl With chapters on art ethics death and the metaphor of dream and hermeneutics this collection encourages scholars and students in both Asian and Western traditions to rethink their philosophical bearings and engage in meaningful intercultural dialogue

The Routledge Companion to Phenomenology Sebastian Luft,Soren Overgaard,2013-07-03 Phenomenology was one of the

twentieth century's major philosophical movements and continues to be a vibrant and widely studied subject today. The Routledge Companion to Phenomenology is an outstanding guide and reference source to the key philosophers, topics and themes in this exciting subject and essential reading for any student or scholar of phenomenology. Comprising over fifty chapters by a team of international contributors, the Companion is divided into five clear parts: main figures in the phenomenological movement from Brentano to Derrida; main topics in phenomenology; phenomenological contributions to philosophy; phenomenological intersections; historical postscript. Close attention is paid to the core topics in phenomenology such as intentionality, perception, subjectivity, the self, the body, being and phenomenological method. An important feature of the Companion is its examination of how phenomenology has contributed to central disciplines in philosophy such as metaphysics, philosophy of mind, moral philosophy, aesthetics and philosophy of religion, as well as disciplines beyond philosophy such as race, cognitive science, psychiatry, literary criticism and psychoanalysis.

Fifty Key Contemporary Thinkers John Lechte, 2007-08-07 This revised second edition from our bestselling Key Guides includes brand new entries on some of the most influential thinkers of the twentieth and twenty-first century: Žižek, Bergson, Husserl, Heidegger, Butler and Haraway. With a new introduction by the author, sections on phenomenology and the post-human, full cross-referencing and up-to-date guides to major primary and secondary texts, this is an essential resource to contemporary critical thought for undergraduates and the interested reader.

Dance, Professional Practice, and the Workplace Angela Pickard, Doug Risner, 2020-01-10 Originally published as a special issue of *Research in Dance Education*, now with an added chapter, this text acknowledges and celebrates the increasingly diverse careers and employment networks in which dance professionals and dance educators are engaged. Addressing issues and developments relating to the workplace of dance, the text explores what it means to transcend the boundary between dance as passion and dance as employment. Chapters explore challenges of professional practice including limitations on access, precarity, bodily risk, gender inequality and sexual harassment, and challenge the status quo to offer readers new ways of thinking about dance and how this might translate into professional practice and work. Ultimately celebrating the passion which motivates dancers to embark on a professional career and highlighting the elation and joy which such employment can bring, this volume encourages dance professionals, students and educators to imagine things differently and develop teaching approaches, curricula, work places and communities which capitalise on the diversity and dedication of individuals in the field. This text will be of great interest to graduate and postgraduate students, researchers, academics, professionals in the field of Dance, Dance Education, Choreography and related art forms, Curriculum studies and Sociology of Education.
