A Womans Prison Journals Germany

Judith A. Scheffler

A Womans Prison Journals Germany:

Abelard's Love Luise Rinser, 1998-01-01 The doomed romance of Abelard a 12th century French teacher of philosophy and his pupil Heloise which led to his castration and her confinement in a convent The relationship is recounted in the form of letters written to Heloise by their son Astrolabe *Political and Historical Encyclopedia of Women* Christine Fauré, 2004-06-02 The original French edition of this encyclopedia the *Encyclopédie politique et historique des femmes* Second Edition has been lauded by French reviewers and now Routledge is pleased to publish this acclaimed resource in an English language edition From the Salic Law in medieval France to the American Revolution to today's women's representation in American and European politics this valuable resource discusses women's participation in Western political and historical transformation The 40 authoritative in depth articles written by an international team of scholars examine women's activism in areas such as voting emancipation equality and democracy providing students and general readers with an indispensable resource

Preventing Self-injury and Suicide in Women's Prisons Tammi Walker, Graham Towl, 2016-02-10 In 2015 the landmark suicide of the 100th woman to kill herself in prison custody passed largely unnoticed This book by two experts sets out to redress the balance by examining all aspects of the history present practices causes and prevention prospects connected to this tragic chain of events A long overdue analysis of a subject that is at last beginning to receive enhanced scrutiny Focuses on both women and adolescent girls in custody Looks at psychological demographic environmental and clinical factors The first book of its kind Reviews Walker and Towl's new book is a really welcome addition to the suicide and self injury literature It covers considerable ground in a concise and accessible way Not only does it provide great coverage of the key issues around suicide and self injury in women's prisons it provides really helpful tips on supporting women on staff training and on managing the aftermath of a suicide I highly recommend this book Professor Rory O Connor University of Glasgow Very helpful in identifying the strengths and weaknesses of current practice and understanding why reductions in the prison population and a holistic approach to care are vital in saving lives Dr Jo Borrill University of Westminster The question that arises from this book is How can we as a society heap any more punishment on people who are already punishing themselves Mark Johnson MBE author of *Wasted Sphere* 2008 founder of CanDo Coffee and the charity User Voice The authors bring an often neglected subject into sharp relief and refreshingly they are not afraid to make some strong evidence based assertions about the direction of penal policy and gaps in our understanding Anita Dockley Research Director Howard League for Penal Reform

Prisoners of War Arnold Krammer, 2007-11-30 America's current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners

from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America s current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of 1991 and the current War on Terrorism the issue of prisoners of war has moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy

The Wiley

International Handbook of Correctional Psychology Devon L. L. Polaschek, Andrew Day, Clive R. Hollin, 2019-02-08 A two volume handbook that explores the theories and practice of correctional psychology With contributions from an international panel of experts in the field The Wiley International Handbook of Correctional Psychology offers a comprehensive and up to date review of the most relevant topics concerning the practice of psychology in correctional systems The contributors explore the theoretical professional and practical issues that are pertinent to correctional psychologists and other professionals in relevant fields The Handbook explores the foundations of correctional psychology and contains information on the history of the profession the roles of psychology in a correctional setting and examines the implementation and evaluation of various interventions It also covers a range of topics including psychological assessment in prisons specific treatments and modalities as well as community interventions This important handbook Offers the most comprehensive

Wall Tappings Judith A. Scheffler,2002 Groundbreaking historical and international anthology of women s prison writings

Therapeutic Community for Women Prisoners Elaine Player,Elaine Genders,2025-09-02 Based upon an extensive empirical study of a democratic therapeutic community for women serving long and medium sentences this book explores the opportunities it provided for restorative rehabilitation In so doing it identifies some of the interconnected ways in which these ambitions are undermined by pervasive yet often tacit assumptions that underly penal policies and practices Drawing on a wealth of data gathered from a study spanning a period of eighteen years at the only democratic therapeutic community for women prisoners in the UK the book highlights how feminist criminology has revealed an invidious history of women s treatment in prison demonstrating how reformist and rehabilitative interventions have reproduced and exacerbated existing states of inequality and oppression Consequently the question explored in this book is whether a proportionate sentence that imposes a loss of liberty is inevitably destined to this fate or whether it can be constructed in ways that are progressive and transformative By identifying and understanding some of the interconnected ways in which progressive efforts have typically been undermined it opens a debate about the insinuation of certain often unspoken assumptions that underly penal policies and practices and the need for their deconstruction It opens an axiomatic debate about how women imprisoned for serious offences might have that loss of liberty interpreted to facilitate a restorative reparative and reintegrative process of rehabilitation informed by principles of social justice This book will be of great interest to students and scholars of criminology feminist studies public policy and human rights It will also be of value to policymakers and practitioners in women s prisons and psychologists and psychiatrists interested in therapeutic communities **A Woman's Prison Journal**

Luise Rinser,1987 **Prison Journal, 1940**1945 Edouard Daladier,Jean Daladier,2022-02-23 Even after fifty years and in spite of the reams of documents now available it remains difficult especially in France to form an objective view of what things were like in the period between the wars and in 1940 The greater the swifter the more unexpected the disaster the less people are willing to deal with it squarely Once a certain threshold of suffering shame and humiliation is reached actual facts become unimportant analyses become bothersome History falls prey to myth and rumor People refuse to hear any more but they still need someone to blame In France the strangest of bedfellows have come to speak about it in one voice and the good people have remained mute **The Woman's Journal** ,1920

Unveiling the Magic of Words: A Overview of "**A Womans Prison Journals Germany**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
