Buddhism Nolan Pliny Jacobson, 1970 **Faith and Knowledge in Early Buddhism** Ergardt, 2018-11-13 **Ninian Smart on World Religions: Religious experience and philosophical analysis. I. Autobiographical. 'Methods in my life'** Ninian Smart, 2009

Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart's wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster

Buddhism After Patriarchy Rita M. Gross, 1993-01-01

This book surveys both the part women have played in Buddhism historically and what Buddhism might become in its post patriarchal future The author completes the Buddhist historical record by discussing women usually absent from histories of Buddhism and she provides the first feminist analysis of the major concepts found in Buddhist religion Gross demonstrates that the core teachings of Buddhism promote gender equity rather than male dominance despite the often sexist practices found in Buddhist institutions throughout history

The Nanputuo Temple in the southeastern Chinese city of Xiamen has been a cherished site for the worship of the bodhisattva Guanyin for centuries It was a center of modernizing Buddhism in the early twentieth century and a flagship for the revival of Buddhism after state suppression during the Cultural Revolution The Space of Religion takes readers inside the Nanputuo Temple in order to explore the practice of Buddhism in modern China and the complex relationship between Buddhism and the Chinese state Based on three decades of ethnographic research Yoshiko Ashiwa and David L Wank tell the story of Nanputuo against the backdrop of a dramatic stretch of Chinese history They vividly depict episodes such as renovating the halls reestablishing ties with overseas Chinese donors conflicts with local government revival of ritual life reopening of its Buddhist academy and the passion of the Guanyin birthday festival To understand Nanputuo Buddhist communities and other temples in Xiamen Ashiwa and Wank develop the concept of religion as a space constituted by physical semiotic and institutional dimensions They also show how the Chinese state and Buddhism have each adapted to the other as the temple has adjusted to government policy while the state has deployed Buddhism in its promotion of Chinese culture This interdisciplinary book is both a theoretically generative analysis of religious spaces and an empirically rich account of the recovery of Buddhism in China after the Mao

era **Religions in Asian America** Pyong Gap Min, Jung Ha Kim, 2001-12-18 The flux of Asian immigration over the last 35 years has deeply altered the United States religious landscape But neither social scientists nor religious scholars have fully appreciated the impact of these growing communities And Asian immigrant religious communities are significant to the study of American religion not only because there are more than ten million Asian Americans Asian American religions differ substantially from models drawn from European religions pushing for new wider understandings Religions in Asian America provides a comprehensive overview of the religious practices of Chinese Filipino Indian Korean Japanese Vietnamese Cambodian and Laotian Americans How these new communities work through issues of gender race transnationalism income disparities and social service and the passing along an ethnic identity to the next generation make up the common themes that reach across essays about the varying communities The first sociological overview of Asian American religions Religions in Asian America is necessary reading for those interested in Asians ethnicity immigration or religion in the United States

Understanding Religion Benson Saler, 2009-08-17 This volume consists of 12 essays published by the author between the years 1997 2007 a thirteenth paper read at a conference in 2006 and a long introduction prepared specifically for the collection All of the essays deal with epistemological issues attendant on conceptualizing and defining religion understanding what is likely to be involved in studying and discussing beliefs and attempting to explain religion and religions by drawing on the contemporary cognitive and evolutionary sciences The problem of how best to understand and represent the cultural sensitivities of others is addressed by considering the works of three predecessors Edward Burnett Tylor Lucien Levy-Bruhl and A. Irving Hallowell *Religion and Societies* Carlo Caldarola, 2011-06-01 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series *China, an Analytical Survey of Literature* United States.

Department of the Army, 1978 Conceptualizing Religion Saler, 1993-03-01 How might we transform a folk category in this case religion into an analytical category suitable for cross cultural research In addressing that question this book critically explores various approaches to the problem of conceptualizing religion for scholarly purposes particularly with respect to certain disciplinary interests of anthropologists The author argues that the most plausible analytical strategy can be based on the idea of family resemblances especially as that idea has been used and developed in contemporary prototype theory In the solution proposed religion is conceptualized as an affair of more or less rather than a matter of yes or no and no sharp line is drawn between religion and non religion
