Book Of Exploration An Anthology Of Worlds Revealed By Explorers Through The Ages:

The Faber Book of Exploration Benedict Allen, 2002 What is an explorer What do Scott and Amundsen Stanley and Livingstone Burton and Speke Columbus and Cortes Lewis and Clark Captain Cook and Marco Polo have in common Benedict Allen's anthology of human exploration brings vividly to life what it feels like to walk off the edge of the known world to emerge dazed dying yet triumphant from the Amazon jungle to stand on the roof of the world Through the words of those who have set off into the unknown and returned to bring this unknown back to their people the places themselves seem to speak This volume ranges across various terrain hot and cold deserts mountains and plains jungles and high seas bringing together Vikings and missionaries conquistadors and botanists to name but a few among an array of unlikely travelling companions whose description of their experiences will help us to understand and appreciate what kind of attributes make a true explorer Ian Hamilton once observed The age of adventure is far from dead so long as people like Benedict Allen tread the earth Whatever you call him traveller modern day explorer or adventurer there is no doubting Benedict Allen's voracious appetite for exploration and as such he is our ideal guide across these extraordinary pages

The Geopolitics of Deep Oceans John Hannigan, 2016-01-11 Long regarded as an empty and inhospitable environment the deep ocean is rapidly emerging as an ecological hot spot with a remarkable diversity of biological life Yet the world's oceans are currently on a dangerous trajectory of decline threatened by acidification oil and gas drilling overfishing and in the long term deep sea mining bioprospecting and geo engineering In *The Geopolitics of Deep Oceans* noted environmental sociologist John Hannigan examines the past present and future of our planet's final frontier The author argues that our understanding of the deep its definition boundaries value ownership health and future state depends on whether we see it first and foremost as a resource cornucopia a political chessboard a shared commons or a unique and threatened ecology He concludes by locating a new storyline that imagines the oceans as a canary in the mineshaft for gauging the impact of global climate change *The Geopolitics of Deep Oceans* is a unique introduction to the geography law politics and sociology of the sub surface ocean It will appeal to anyone seriously concerned about the present state and future fate of the largest single habitat for life on our planet

Explorer Travellers and Adventure Tourism Jennifer Laing, Warwick Frost, 2014-08-04 This book examines the nexus between exploring and tourism and argues that exploration travel based heavily on explorer narratives and the promises of personal challenges and change is a major trend in future tourism In particular it analyses how romanticised myths of explorers form a foundation for how modern day tourists view travel and themselves Its scope ranges from the Golden Age of imperial explorers in the 19th and early 20th centuries through the growth of adventure and extreme tourism to possible future trends including space travel The volume should appeal to researchers and students across a variety of disciplines including tourism studies sociology geography and history

British Narratives of Exploration Frédéric Regard, 2015-10-06 Features a collection of essays that focus on British travel narratives from the seventeenth through to the

nineteenth centuries This work investigates how the early explorers sense of self was destabilised by encounters with the Other *Explorer* Benedict Allen,2022-03-03 What does it mean to be an explorer in the twenty first century This is the story of what first led Benedict Allen to head for the farthest reaches of our planet at a time when there were still valleys and ranges known only to the remote communities who inhabited them It is also the story of why thirty years later he is still exploring Benedict decides to journey back to a clouded mountain in New Guinea to find an old friend called Korsai and to fulfil a promise they made as young men Explorer tells the story of what it means to be lost and found **Books and Travel**

Jennifer Laing,Warwick Frost,2012-07-20 The books that we read whether travel focused or not may influence the way in which we understand the process or experience of travel This multidisciplinary work provides a critical analysis of the inspirational and transformational role that books play in travel imaginings Does reading a book encourage us to think of travel as exotic adventurous transformative dangerous or educative Do different genres of books influence a reader s view of travel in multifarious ways These questions are explored through a literary analysis of an eclectic selection of books spanning the period from the eighteenth century to the present day Genres covered include historical fiction children s books westerns science fiction and crime fiction **The Encyclopedia of Tourism and Recreation in Marine Environments** Michael Lück,2008 Marine tourism has become one of the fastest growing areas within the tourism industry With the increased use of marine environments comes the need for informed planning and sustainable management as well as for the education and training of planners managers and operators Combining the disciplines of marine scientists and tourism researchers this encyclopedia will bring together the terms concepts and theories related to recreational and tourism activities in marine settings Entries range from short definitions to medium and long articles **Encyclopedia of Human Geography** Barney Warf,2006-05-16 Human geography in the last decade has undergone a conceptual and methodological renaissance that transformed it into one of the most dynamic and innovative of the social sciences Long a borrower of ideas from other disciplines geography has become a contributor in its own right and a spatial turn is evident in disciplines as diverse as Sociology Anthropology and Literary Criticism With more than 300 entries written by an international team of leading authorities in the field the Encyclopedia of Human Geography offers a comprehensive overview of the major ideas concepts terms and approaches that characterize a notoriously diverse field This multidisciplinary volume provides cross cultural coverage of human geography as it is understood in the contemporary world and takes into account the enormous conceptual changes that have evolved since the 1970s including a variety of social constructivist approaches Key Features Examines a range of themes characterizing different schools of thought and addresses long standing topics such as urban economic and medical geography as well as contemporary topics including feminism the social dimensions of GIS and the social construction of nature Explores many of the dualities that long characterized social science nature versus society the individual versus the social the historical versus the geographical consumption versus production and breaks them down

using postmodern and poststructuralist approaches Illustrates how social and spatial structures draw upon people's daily lives which in turn structures their actions Looks at how globalization has manifested differently from place to place by discussing topics such as transnational capital international trade global commodity chains global cities international financial and telecommunications systems and how the global economy is reshaping geopolitics and governance Key Themes Cartography Geographical Information Systems Economic Geography Geographic Theory and History Political Geography Social Cultural Geography Urban Geography

Im Schatten der Entdecker Volker Matthies, 2018 Alexander von Humboldt erforschte Südamerika hat er den Weg allein gefunden Bis heute hält sich das Bild der berühmten Entdecker und Forschungsreisenden seien völlig auf sich gestellt durch fremde Länder gezogen oder über Ozeane gesegelt Doch ob James Cook David Livingstone oder Sven Hedin sie alle hatten Helfer vor Ort die zum Erfolg der Unternehmungen beitrugen Wer waren diese Menschen Hier werden sie zum ersten Mal in den Blick genommen die Führer und Dolmetscher Informanten und Transporteure Nicht selten waren sie sogar die eigentlichen Leiter der Expeditionen Anhand von Beispielen aus allen amerikanischen Kontinenten rückt Volker Matthies ihren Beitrag zur Vermessung der Welt ins rechte Licht Backcover

Life at Sea Monique Layton, 2017-01-28 In *Life at Sea* anthropologist Monique Layton draws on her experiences on modern cruise ships to examine the evolution of sailing from the Age of Exploration to the Age of Tourism Using historical records and the reports of people who once went to sea through necessity curiosity or adventure she shows the common events that have shaped their voyages and the ingenuity courage and determination that characterize mankind's connection with the all surrounding sea The book's topics range from the dependence on the wind and manpower through the invention of devices to determine location at sea to modern maritime technology from the devastation of scurvy and starvation on early ships of exploration and trade to the luxuries of omnipresent food on board medical treatment and professional entertainment available on behemoth cruise ships The book also delves into the deeper meaning of seafarers' rituals and their harsh lives with severe discipline and few rewards These aspects along with the horrors of the slave trade and naval warfare the harrowing crossings of emigrants and convicts the ambiguities of piracy and economics of global trade all show the contradictory elements that have consistently shaped travel by sea
