Ancien Regime Et La Revolution:

The Old Regime and the Revolution, Volume I Alexis de Tocqueville, 1998-08-15 The Old Regime and the Revolution is Alexis de Tocqueville's great meditation on the origins and meanings of the French Revolution. One of the most profound and influential studies of this pivotal event, it remains a relevant and stimulating discussion of the problem of preserving individual and political freedom in the modern world. Alan Kahan's translation provides a faithful, readable rendering of Tocqueville's last masterpiece and includes notes and variants which reveal Tocqueville's sources and include excerpts from his drafts and revisions. The introduction by France's most eminent scholars of Tocqueville and the French Revolution, François M. Lionio and the late François Furet, provides a brilliant analysis of the work. L'ancien Regime Et la Revolution, 1887

Ancien Regime and the Revolution Alexis de Tocqueville, 2008-05-29 The Ancien Regime and the Revolution is a comparison of revolutionary France and the despotic rule it toppled. Alexis de Tocqueville (1805-59) is an objective observer of both periods, providing a merciless critique of the ancien regime with its venality, oppression, and inequality, yet acknowledging the reforms introduced under Louis XVI and claiming that the post-Revolution state was in many ways as tyrannical as that of the King; its once lofty and egalitarian ideals corrupted and forgotten. Writing in the 1850s, Tocqueville wished to expose the return to despotism he witnessed in his own time under Napoleon III by illuminating the grand but ultimately doomed call to liberty made by the French people in 1789. His eloquent and instructive study raises questions about liberty, nationalism, and justice that remain urgent today.

Tocqueville begins by tracing the causes of the French Revolution to the structure of society of France prior to the Revolution, what he terms the Ancien Regime. Tocqueville rejected the notion that the Revolution was a radical transformation of French society. He instead suggests his theory of continuity, specifically that the Revolution was not an attempt to change the nature of society in a truly fundamental way, but to wrest control from the ancient feudal landed aristocracy and replace those outdated institutions with a representative democracy. He makes the important observation that the government of

Napoleon was autocratic strongly centralized and thus not much different from the Ancien Regime Tocqueville was a fierce proponent of social institutions based on freedom and equality rather than on the rigid social hierarchy of the feudal social system of the Middle Ages a system that was increasingly untenable in the age of enlightenment Tocqueville's treatise remains a timely and important work on social class revolution and democracy This edition is printed on premium acid free paper and follows the translation of John Bonner *L'ancien Régime* Alexis de Tocqueville, 1965 Tocqueville and the Old Regime Richard Herr, 2015-12-08 Professor Herr's brief and attractively presented Tocqueville and the Old Regime is to be commended to all who are interested in Tocqueville and his great hook on The Ancien Regime and the Revolution Originally published in 1962 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **L'ancien regime et la revolution** Alexis de Tocqueville, Alexis Charles Henri Clerel de Tocqueville, 1856 **L'Ancien régime et la Révolution** Alexis de Tocqueville, 2023-11-15 L'Ancien R gime et la R volution d Alexis de Tocqueville est une uvre majeure dans le domaine de la litt rature historique et politique Tocqueville connu principalement pour son analyse de la d mocratie am ricaine se penche ici sur l histoire de son propre pays la France offrant un texte cl pour ceux int ress s par les uvres d Alexis de Tocqueville et les tudes de la R volution fran aise Dans cet ouvrage Tocqueville examine les causes et les cons quences de la R volution fran aise en mettant en lumi re les continuit s entre l Ancien R gime et la R volution Il soutient que bien que la R volution ait cherch renverser l ordre ancien elle a en r alit conserv et m me renforc de nombreuses structures de l Ancien R gime Ce point de vue est essentiel pour comprendre les dynamiques du changement politique et les cons quences des r volutions L analyse de Tocqueville porte galement sur les aspects sociaux et conomiques de l Ancien R gime offrant une perspective approfondie sur la soci t fran aise pr r volutionnaire Il explore comment les in galit s les tensions sociales et les probl mes administratifs ont contribu au d clenchement de la R volution L Ancien R gime et la R volution est aussi c l bre pour son exploration du r le de l tat et de l autorit centralis e en France Tocqueville y d veloppe l id e que la centralisation du pouvoir d but e sous l Ancien R gime a t un facteur crucial tout au long de la R volution une analyse pertinente pour les tudes en th orie politique et administration publique L approche de Tocqueville qui combine l analyse historique et la r flexion politique rend L Ancien R gime et la R volution non seulement un document historique pr cieux mais aussi une uvre toujours actuelle pour comprendre les processus politiques et sociaux Ce texte reste une lecture indispensable pour saisir les nuances et les le ons de la R volution fran aise ainsi que pour r fl chir sur les enjeux contemporains de la politique et de la soci t *The Ancien Regime and the French Revolution* Alexis de Tocqueville, 1976
