And The Risen Bread Selected And New Poems 1957 1997:

And the Risen Bread Daniel Berrigan, 1998 *And the Risen Bread* is a harvest of forty years of poetry by Daniel Berrigan. Beginning with poems written largely on biblical themes the book moves on to reflect the increasingly experiential inspiration of Berrigan's poetry: poems written from the front lines of the struggle for peace and justice, poems from the courtroom and the prison cell, and finally poems of harsh but hopeful reflection. *The Prophet and the Bodhisattva* Charles R. Strain, 2014-02-19 Can religious individuals and communities learn from each other in ways that will lead them to collaborate in addressing the great ethical challenges of our time including climate change and endless warfare? This is the central question underlying *The Prophet and the Bodhisattva*. It juxtaposes two figures emblematic of an ideal moral life: the prophet as it evolved in ancient Israel and the bodhisattva as it flowered in Mahayana Buddhism. In particular, *The Prophet and the Bodhisattva* focuses on Daniel Berrigan and Thich Nhat Hanh, who in their lives embody and in their writings reflect upon their respective moral type. Berrigan, a Jesuit priest, pacifist, and poet, is best known for burning draft files in 1968 and for hammering and pouring blood on a nuclear warhead in 1980. His extensive writings on the Hebrew prophets reflect his life of nonviolent activism. Thich Nhat Hanh, Buddhist monk, Vietnamese exile, and poet, struggled to end the conflict during the Vietnam War. Since then, he has led the global movement that he named Engaged Buddhism and has written many commentaries on Mahayana scriptures. For fifty years, both have been teaching us how to pursue peace and justice, a legacy we can draw upon to build a social ethics for our time. *Generation on Fire* Jeff Kiseloff, 2006-12-29 An invigorating collection of fifteen testimonials from counter-culturists, conscientious objectors, and artists who came of age during the 60s. Publishers Weekly: Many of the freedoms and rights Americans enjoy today are the direct result of those who defied the established order during the Civil Rights Era. It was an era that challenged both mainstream and elite American notions of how politics and society should function. In *Generation on Fire*, oral historian Jeff Kiseloff provides an eclectic and personal account of the political and social activity of the decade. Among other things, the book offers firsthand accounts of what it was like to face a mob's wrath in the segregated South and to survive the jungles of Vietnam. It takes readers inside the courtroom of the Chicago Eight and into a communal household in Vermont. From the stage at Woodstock to the playing fields of the NFL and finally to a fateful confrontation at Kent State, *Generation on Fire* brings the 60s alive again. This collection of never-before-published interviews illuminates the ingrained social and cultural obstacles facing those working for change, as well as the courage and shortcomings of those who defied acceptable conventions and mores. Sometimes tragic, sometimes hilarious, the stories in this volume celebrate the passion, courage, and independent thinking that led a generation to believe change for the better was possible. **American Book Publishing Record**, 1998 **The Questions of Jesus** John Dear, 2007-12-18 This illuminating examination of the Gospels reveals how the questions Jesus asks of his followers lead the way to a deeper understanding of the meaning of life and the mystery of God. The Gospels are filled with stories, parables,

miracles commandments and dramatic incidents that trace Jesus life and recount his teachings A close reading of the Gospels reveals however that they are also filled with questions As John Dear points out in this remarkable book Jesus like any great teacher and rabbi has a question for everyone he meets for every occasion for every experience for every potential disciple Dear uses these questions as a starting point an invitation to readers to discover the lessons they contain by searching their own hearts and minds for answers Throughout *The Questions of Jesus* Dear interweaves insights from ethical and religious teachers ranging from Buddha to Gandhi to Martin Luther King Jr Using recent events as powerful and poignant examples he shows why a renewed commitment to Jesus message of nonviolence compassion justice and peace is essential to healing a world torn by violence and war

Living Peace John Dear, 2010-05-19 To take care of each other should be our primary concern in this 21st century and Father Dear is steady on this course Thich Nhat Hanh For John Dear a Jesuit priest and respected leader of the ecumenical peace movement the spiritual life is a combination of contemplation and action of maintaining inner peace and projecting that peace into the greater world It is the spirituality exemplified by the lives of Gandhi Martin Luther King Jr Mother Teresa the Dalai Lama and others throughout history who remained true to the highest ideals while addressing the most difficult problems and conflicts of the real world As a tireless advocate for social justice and human rights Dear has followed that path in his own life and in *Living Peace* he describes his journey Breaking down the life of peace into three parts an inner journey a public journey and the journey of all humanity he shares the spiritual practices that have sustained him and teaches readers how to integrate these practices into their own lives From the Hardcover edition

Toxic Immanence Livia Monnet, 2022-09-15 More than a decade after the Fukushima Daiichi nuclear disaster what we are witnessing is not a Second Nuclear Age there is no post atomic but an uncanny quiet return of the nuclear threat that so vividly animated the Cold War era The renewed threat of nuclear proliferation public complacency regarding weapons stockpiles and the lack of a single functioning long term repository after seventy years and thousands of tonnes of nuclear waste reveals the industry s capacity for self reinvention abetted by an ever present capacity to forget More than fabulously textual as Jacques Derrida described it the protean unbound and unending materiality of the nuclear is here to stay resistance is crucial *Toxic Immanence* introduces contemporary interdisciplinary perspectives that resist and decolonize the nuclear Contributors highlight the prevalence and irrationality of slow violence and colonial governance as elements of the contemporary nuclear age They propose a reappraisal of Cold War era anti nuclear art as well as pop culture representations of nuclear disaster while decolonizing pedagogies advance the role of education in communicating and understanding the lethality of nuclear complexes Collectively the essays develop a robust critical discourse across fields of nuclear knowledge and integrate the work of the nuclear humanities with environmental justice and Indigenous rights activism This reach across ways of knowing extends artistically the poetry and photography included in this volume offer visions of past and present nuclear legacies Conceived as a critical reflection on the potential of nuclear humanities *Toxic*

Immanence offers intellectual strategies for resisting and abolishing the global nuclear regime **Faith, Resistance, and the Future** James L. Marsh, Anna J. Brown, 2012 The book presents Daniel Berrigan's contribution and challenge to Catholic social thought The aim of this book is for the first time to make Berrigan's thought and life available to the academic Catholic community and to activists so that a fruitful interaction takes place **Resting among Us** Steven Huff, 2023-10-15 Too often the lives and works of authors who called Upstate New York home are overshadowed by the icons of New York City Resting among Us uncovers the region's rich literary heritage through Steven Huff's journeys to the graves of writers both famous and celebrated as well as those that have been forgotten While most Upstate residents are aware that Mark Twain's grave is in Elmira and that James Fenimore Cooper's is in Cooperstown many people don't realize a noted author may be buried in their local cemetery For instance Paul Bowles is buried in Lakemont John Gardner in Batavia Rod Serling in Interlaken John Burroughs in Roxbury and Adelaide Crapsey in Rochester Interwoven with these remarkable literary lives are the connected stories of the region's history and Huff's own encounters and friendships with some of the writers included in the book With directions to each author's grave as well as photographs of the graves and authors themselves Resting among Us is the perfect companion for your own enlightening literary pilgrimage *Living on Hope While Living in Babylon* Tripp York, 2009-04-23 Though Christendom has come to an end it appears that old habits die hard Jesus promised his followers neither safety nor affluence but rather that those who come after him should expect persecution Christian discipleship and tribal nationalism however despite the legal separation of church and state continue to be co-opted into the nation state project of prosperity and security This co-option has made it difficult for the church to recognize her task to be a prophetic witness both for and against the state That only a small pocket of Christians bear witness against such an accommodation of Christian practice is disconcerting and yet it breeds hope In *Living on Hope While Living in Babylon* Tripp York examines a few twentieth century Christians who lived such a witness including the Berrigan brothers Dorothy Day and Eberhard Arnold These witnesses can be viewed as anarchical in the sense that their loyalty to Christ undermines the pseudo soteriological myth employed by the state While these Christians have been labeled pilgrims revolutionaries nomads subversives agitators and now anarchists they are more importantly seekers of the peace of the city whose chief desire is for those belonging to the temporal cities to be able to participate in the eternal city the city of God By examining their ideas and their actions this book will attempt to understand how the politics of the church an apocalyptic politic is necessary for the church to understand her mission as bearer of the gospel
