André Gide: And the crisis of modern thought. Deutsch ,1948 André Gide and the Crisis of Modern Thought Klaus Mann,1968 *Andre Gide* David H. Walker,2017-09-29 This book presents a selection of some of the most significant critical work written on Andre Gide during his lifetime and since As a major writer of the twentieth century his life and creative output as well as his role as a leading intellectual attracted comment from prominent contemporaries and continues to have relevance today Containing a substantial introduction and overview this compilation offers a variety of illuminating perspectives that will inform and guide the general and specialist reader *André Gide* Alan Sheridan,1999 Sheridan presents a literary biography of one of the most important writers of the 20th century an intimate portrait of the reluctantly public man whose work was deeply and inextricably entangled with his life 35 halftones Andre Gide's Politics NA NA,2016-04-30 At the peak of his career after having established himself as an accomplished writer astute moraliste and the foremost spokesperson of his generation for personal freedom and self realization Gide became aware first that his particular brand of bourgeois individualism was becoming increasingly irrelevant in the contemporary world and second that social commitment and even revolution could serve as a powerful source of inspiration and self renewal Over a ten year period that began in the 1920s and ended with his public break with the Soviet Union in 1936 Gide the committed intellectual interacted with society in ways that were for him unprecedented These essays examine the outcomes of Gide s evolving commitment to a host of controversial issues ranging from the sexual to the political from the literary to the social The Concise New Makers of Modern Culture Justin Wintle,2008-11-28 A Who s Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms **The Realist Author and Sympathetic Imagination** Sotirios Paraschas,2017-12-02 The nineteenth century realist author was a contradictory figure He was the focus of literary criticism but obscured his creative role by insisting on presenting his works as copies of reality He was a celebrity who found himself subservient to publishers and the public in a newly industrialised literary marketplace He was the owner of his work who was divested of his property by imperfect copyright laws playwrights who adapted his novels for the stage and sequel writers This combination of a conspicuous yet precarious status with a self

effacing attitude was expressed by an image of the author as a plural Protean subject possessing the faculty of sympathetic imagination which the realists incorporated in their works in the form of a series of fictional characters who functioned as doubles of the author Paraschas focuses on two realists Honorede Balzac and George Eliot and traces this authorial scenario from its origins in the late eighteenth century to its demise in the early twentieth century examining its presence in the works of E T A Hoffmann Friedrich Schlegel Charles Baudelaire and Andre Gide *Textual Awareness* Dirk Van Hulle,2009-12-14 Aware of the act of writing as a temporal process many modernist authors preserved numerous manuscripts of their works which themselves thematized time Textual Awareness analyzes the writing processes in James Joyce s Finnegans Wake Marcel Proust s la recherche du temps perdu and Thomas Mann s Doktor Faustus and relates these to Anglo American French and German theories of text By relating theory to practice this comparative study reveals the links between literary and textual criticism A key issue in both textual criticism and the so called crisis of the novel is the tension between the finished and the unfinished After a theoretical examination of the relationship between genetic and textual criticism Dirk Van Hulle uses the three case studies to show how at each stage in the writing process the text still had the potential of becoming something entirely different how and why these geneses proceeded the way they did how Joyce Proust and Mann allowed contingencies to shape their work how these authors recycled the words of their critics in order to inoculate their works against them how they shaped an intertextual dimension through the processing of source texts and reading notes and how text continually generated more text Van Hulle s exploration of process sheds new light on the remarkable fact that so many modernist authors protected their manuscripts implying both the authors urge to grasp everything and their awareness of the dangers of their encyclopedic projects Textual Awareness offers new insights into the artificiality of the artifact the novel that are relevant to the study of literary modernism in general and the study of James Joyce Marcel Proust and Thomas Mann in particular Dirk Van Hulle is Assistant Professor of English and German Literature University of Antwerp
