Andares Blancos:

Andares blancos Adriana Astutti, 2001 Como contar la vida de escritor cuando se esta inventandola Como seguir criticamente la secuencia misma del proceso de invencion mas que describir su resultado Sabemos que la secuencia es azarosa no hay centro no puede haber una norma Todo lo contrario contarse una vida en el momento de la invencion misma supone adoptar las mascararas de la minoridad porque ellas protegen de una exposicion excesiva De alli la necesidad de lo inadecuado lo resistente lo debil lo inquietante lo peligroso Astutti se situa en ese punto Es esa fabulacion del escritor como menor la que veremos desarrollarse cuando los escritores se ponen a fabular Por eso parte del devenir escritor de Osvaldo Lamborghini cuya fabulacion se congela en una atencion atonita y sostenida a la infancia Y la infancia es el fondo de la constelacion con Juan Carlos Onetti ante Roberto Arlt con el mismo Lamborghini ante Borges con Silvina Ocampo ante Victoria con Ruben Dario ante Poe con Manuel Puig ante sus propios personajes No es el menor de sus meritos que en esta constelacion las diferencias entre unos y otros sigan siendo tan elocuentes como las semejanzas NORA CATELLI *Late Book Culture in Argentina* Craig Epplin, 2014-08-28 Modern literary culture depended on the medium of the print book Today with the advent of digital technologies it is far from apparent that print is or should be the vehicle of choice for contemporary writers Print has been placed in relief as the book becomes a site of experimentation with new platforms for writing Among Latin American countries none has been as crucial player in the world of print as Argentina Argentine presses were the channel for many of the great modern literary experiments in Latin America As such it comes as no surprise that today when those same presses have been gobbled up by transnational media conglomerates and digital technologies abound Argentine writers would be attentive to the shifting media of literature Late Book Culture in Argentina chronicles that shift Epplin offers readings of some of the most innovative Argentine writers and collective projects of recent years Osvaldo Lamborghini C sar Aira the cardboard publishing house Elo sa Cartonera the poetry project Estaci n Pringles Sergio Chejfec and Pablo Katchadjian This corpus provides a lens through which to understand the numerous experiments with literary formats in Argentina today These experiments take on a number of forms digital artisanal and collective and they provide the ferment for some of Argentina s most audacious contemporary literature As such they deserve critical attention and theoretical examination **Modern Argentine Poetry** Ben Bollig, 2011-06-15 This book is the first to focus specifically on the exile poetry link in the case of Argentina since the 1950s Throughout Argentina s history authors and important political figures have lived and written in exile Thus exile is both a vital theme and a practical condition for Argentine letters yet conversely contemporary Argentina is a nation of immigrants from Europe and the rest of Latin America Poetry is often perceived as the least directly political of genres yet political and other forms of exile have impinged equally on the lives of poets as on any group This study concentrates on writers who both regarded themselves as in some way exiled and who wrote about exile This selection includes poets who are influential and recognised but in general have not enjoyed the detailed study that they

deserve Alejandra Pizarnik Juan Gelman Osvaldo Lamborghini Nestor Perlongher Sergio Raimondi Cristian Aliaga and Washington Cucurto **New Readings of Silvina Ocampo** Patricia Nisbet Klingenberg, Fernanda Zullo-Ruiz, 2016 Unlike other books these essays by leading scholars address Ocampo's entire body of work short stories poetry essays and translations **Encyclopedia of Twentieth-Century Latin American and Caribbean Literature, 1900-2003** Daniel Balderston, Mike Gonzalez, 2004 The Encyclopedia of Twentieth Century Latin American and Caribbean Literature 1900 2003 draws together entries on all aspects of literature including authors critics major works magazines genres schools and movements in these regions from the beginning of the twentieth century to the present day With more than 200 entries written by a team of international contributors this Encyclopedia successfully covers the popular to the esoteric The Encyclopedia is an invaluable reference resource for those studying Latin American and or Caribbean literature as well

Childhood in the Works of Silvina Ocampo and Alejandra Pizarnik Fiona Joy Mackintosh, 2003 In the final analysis Ocampo's works achieve equilibrium between childhood and age whereas Pizarnik's much discussed poetic crisis of exile from language itself parallels her deep sense of anxiety at being exiled from the world of childhood **BOOK JACKET** *A Companion to Latin American Women Writers* Brigida M. Pastor, Lloyd Hughes Davies, 2012 This volume offers a critical study of a representative selection of Latin American women writers who have made major contributions to all literary genres and represent a wide range of literary perspectives and styles This volume offers a critical study of a representative selection of Latin American women writers who have made major contributions to all literary genres and represent a wide range of literary perspectives and styles Many of these women have attained the highest literary honours Gabriela Mistral won the Nobel Prize in 1945 Clarice Lispector attracted the critical attention of theorists working mainly outside the Hispanic area others have made such telling contributions to particular strands of literature that their names are immediately evocative of specific currents or styles Elena Poniatowska is associated with testimonial writing Isabel Allende and Laura Esquivel are known for the magical realism of their texts others such as Juana de Ibarbourou and Laura Restrepo remain relatively unknown despite their contributions to erotic poetry and to postcolonial prose fiction respectively The distinctiveness of this volume lies in its attention to writers from widely differing historical and social contexts and to the diverse theoretical approaches adopted by the authors Brigida M Pastor teaches Latin American literature and film at the University of Glasgow Her publications include *Fashioning Cuban Feminism* and *Beyond El discurso de Gertrudis Gómez de Avellaneda* *Identidad Femenina y Otredad* and *Discursos Caribenhos* *Historia Literatura e Cinema* Lloyd Hughes Davies teaches Spanish American Literature at Swansea University His publications include *Isabel Allende La casa de los espíritus* and *Projections of Peronism in Argentine Autobiography Biography and Fiction* Arizona Journal of Hispanic Cultural Studies, 2002 *Cartografía del limbo* Ángeles Mateo del Pino, Nieves Pascual Soler, 2018-01-25 En el imaginario colectivo el Limbo ha devenido en una suerte de utopía a un lugar sin espacio real Ahora bien desde la conciencia cristiana como

territorio de la otredad destinado a quienes deben estar en otra parte puede ser leído como una heterotopía sin marcas geográficas. Siguiendo a Michel Foucault lo concebimos como una heterotopía de desviación en la que se ubican aquellas personas cuyos comportamientos están desviados respecto a la norma exigida. Así el Limbo se forja como zona intermedia o fronteriza entre el cielo y el infierno. A partir de esta idea esbozamos una obra que tuviera como eje central ese vacío o legal en el que determinados hechos, obras o autoras viven en un permanente estado de excepción en el que la normalidad se convierte en un objetivo inalcanzable, irrealizable ni dentro ni fuera sino en el límite. La idea era trazar una cartografía a una serie de mapas geográficos que hicieran referencias a distintas realidades relacionadas con la cultura, la literatura, narrativa, teatro, poesía, la música y el cine con el fin de dibujar una especie de gran Limbo. Dieciséis son los ensayos que este libro reúne, dividido en dos secciones: una perteneciente al ámbito cubano y otra al argentino. De manera especular hemos dedicado ocho textos a cada geografía del mismo modo que hemos contemplado que el volumen mantenga un equilibrio de género: ocho ensayistas mujeres y ocho hombres quienes nos ofrecen sus particulares miradas y nos hacen viajar por las aguas del mar Caribe hasta desembocar en las márgenes del Río de la Plata.

Archifilologías latinoamericanas Raúl Antelo, 2018-03-07. Leer los ensayos de Raúl Antelo es entrar en la fascinante deriva que teje una ficción crónica en el revés del gran monumento que separa los saberes modernos y los clasifica en su gran biblioteca. La biblioteca anteliana por el contrario es el inmenso archivo de la cultura moderna que lee al sesgo buscando puertas secretas e inditos vasos comunicantes entre textos filosóficos, históricos, políticos, estéticos, literarios. Leer, escribir, pensar crónicamente desde esa máquina poética es activar un dispositivo anamnésico y heterológico para rescatar recodos menos transitados de un texto y así poder reabrir el archivo. El gesto de la archifilología obtura la construcción de un objeto en un espacio-tiempo que la modernidad crónica ordena y jerarquiza. La inmensa erudición anteliana puesta al servicio de la creatividad de la poética dispone en cambio de una mesa de montaje que organiza un relato siempre dislocado de sus textos maestros, acfalo cruzado en tiempos y espacios heterogéneos. Porque para Antelo el tiempo del anacronismo es el que pone en hora a la literatura y le permite sumergirse en la dimensión temporal en clave no historicista.
