and Your Talk Talks Lora Goss, 2021-10-20 Making decisions at any age is not always an easy feat When you are walking with the Lord Jesus Christ it makes sense to pray and do the next right thing As life moves at ninety miles an hour moving with the flow can set you up to make split second decisions Taking what we think is the easy way is often the hardest of all We are told in 1 Peter 5:7 to cast all our cares on Him because He cares for us Taking the Jesus way out is always the best way It may not be the easy that we are looking for but it will not leave the collateral damage that our way leaves behind The

roads that we walk down in life are covered with attractive billboards drawing us to off ramps that will lead us to destruction It is so important to keep our eyes fixed on Jesus Christ as we walk life s highways and byways so we are not lured into the craziness that the world has to offer Taking life one moment at a time is actually a doable thing Life moves in seconds not days Don t let one trial take you down Romans 8 13 says that we are more than conquerors and thankfully God is a god of do overs

Overview of the Situation in the Blue Joe Domanick,2016-08-23

American policing is in crisis Here award winning investigative journalist Joe Domanick reveals the troubled history of American policing over the past quarter century He begins in the early 1990s with the beating of Rodney King and the L A riots when the Los Angeles Police Department was caught between a corrupt and racist past and the demands of a rapidly changing urban population Across the country American cities faced similar challenges to law and order In New York William J Bratton was spearheading the reorganization of the New York City Transit Police and later the 35 000 strong New York Police Department His efforts resulted in a dramatic decrease in crime yet introduced highly controversial policing strategies In 2002 when Bratton was named the LAPD s new chief he implemented the lessons learned in New York to change a department that previously had been impervious to reform Blue ends in 2015 with the LAPD on its unfinished road to reform as events in Los Angeles New York Baltimore and Ferguson Missouri raise alarms about the very strategies Bratton pioneered and about aggressive racial profiling and the militarization of police departments throughout the United States

Domanick tells his story through the lives of the people who lived it Along with Bratton he introduces William Parker the legendary LAPD police chief Tom Bradley the first black mayor of Los Angeles and Charlie Beck the hard nosed ex gang cop who replaced Bratton as LAPD chief The result is both intimate and expansive a gripping narrative that asks big questions about what constitutes good and bad policing and how best to prevent crime control police abuse and ease tensions between the police and the powerless Blue is not only a page turning read but an essential addition to our scholarship Adapted from book jacket Jack Hinton, the Guardsman ...
