Chretien de Troyes is arguably the creator of Arthurian romance and it is on his work that later writers have based their interpretations. This book offers both crucial information on and a comprehensive coverage of all aspects of the work of Chretien de Troyes: the literary and historical background, patronage, his influence on other writers, manuscripts and editions of his work, and at the heart of the volume, major essays on the themes, techniques and artistic achievements in each of his compositions. The contributions, all from leading experts in Chretien and related studies, have been commissioned especially for this volume and are designed to remain accessible to students while also addressing specialists in Arthurian studies and Chretien de Troyes. They reflect the most current critical and scholarly views on one of the greatest of medieval authors.

Eliot, 2012-09-18 In the period covered by this richly detailed collection T. S. Eliot was to set a new course for his life and work. The demands of his professional life as writer and editor became more complex and exacting. The celebrated but financially pressed periodical he had been editing since 1922, *The Criterion*, a Literary Review, switched between being a quarterly and a monthly in addition to writing numerous essays and editorials, lectures, reviews, introductions and prefaces. His letters show Eliot involving himself wholeheartedly in the business of his new career as a publisher. This correspondence with friends and mentors vividly documents all the stages of Eliot's personal and artistic transformation during these crucial years: the continuing anxieties of his private life and the forging of his public reputation.
