What is minimalism At its core minimalism involves the use of only the most basic essential elements in design and art In other words minimalism involves art that utilizes the barest of essentials nothing more nothing less So what is minimalism exactly The short answer is that it's an art style entirely on a minimalist level minimalism can be viewed as an aesthetic principle or even a guiding principle for artistic creation For some artists minimalism comes easy the result is a type of art where everything is simply added to the background enhancing the piece instead of subtracting from it For others minimalism can be a difficult frustrating way to express yourself because it requires the artist to not only pay attention to the appearance of their work but also to pay attention to the subtleties of form

and color Still others think of minimalism in a more philosophical way claiming it to be the foundation for all creative endeavor Regardless of how one views minimalism it s apparent that it can add tremendous value to your home When you live with minimalism in your home it allows you to appreciate the simple pleasures of life You re less stressed out have more time to enjoy family and friends and don t waste money or energy trying to make art or literature out of everyday objects Because you re living a minimalist lifestyle you re able to appreciate simple pleasures like spending time with friends going for a walk in the park or enjoying that new cookbook you picked up at the local library This allows you to live a more enjoyable less stressful life
