Beethovens Letters:

Beethoven's Letters Ludwig van Beethoven,1909 *Beethoven's Letters* Ludwig van Beethoven,Alfred Christlieb Kalischer,1909 **Beethoven's Letters** Ludwig van Beethoven,2014-11-06 Published in 1909 this two volume collection of Beethoven s letters in English translation contains more than a thousand examples [Beethoven's Letters \(1790-1826\)](#) Ludwig van Beethoven,2014-11-06 Published in 1866 this two volume collection of letters in English translation illuminates the character and preoccupations of a musical genius **Beethoven's Letters** Beethoven,1867 **Beethoven's Letters 1790-1826, Volume 2** Ludwig van Beethoven,2022-06-10 The second volume of Beethoven s letters begin with the composer in maturity In these later years several of his most accomplished and beautiful musical works were completed It is clear from these written correspondences that music occupies a greater place in Beethoven s life more frequently he appends samples of and discusses musical phrasing and notation giving readers insight into his methods of composition Although Beethoven concealed his increasing deafness for years it eventually became public knowledge His ability to compose beautiful music was however undiminished and demonstrated in concerts around Europe Thought remarkable by the public Beethoven nevertheless lived in quite modest circumstances but felt deep appreciation for the acclaim with which he was held by various orchestral and philharmonic societies In personal matters Beethoven demonstrates great affection for his nephew Carl whom he had won custody in the courts However the letters also reveal an irascible and controlling side to the composer insistent that his nephew whom he came to view as a son be musically trained the news that Carl s musical talents are negligible is a blow Carl s subsequent intention to pursue a military career strains their relationship further Despite these trials Beethoven had the support of friends until the very end his illness worsening he was able to borrow money to pay for care but it soon became clear he was on his deathbed The great composer s final words comprise a short will in which his estate is bequeathed to Carl Ludwig van Beethoven died the next day as a thunderstorm raged outside his apartment Amazon [Beethoven's Letters \(1790-1826\) from the Collection of Dr. Ludwig Nohl](#) Ludwig van Beethoven,1867 **Beethoven's letters, 1790-1826, from the collection of L. Nohl. Also his letters to the archduke Rudolph. Tr. by lady Wallace** Ludwig van Beethoven,1866 **Beethoven's Letters (1790 1826): From the Collection of Dr. Ludwig Nohl** Ludwig von Beethoven,2022-03-08 Reprint of the original first published in 1866 **Beethoven's Letters** Beethoven,Lady Wallace,2014-03 Beethoven s Letters From the Collection of Dr Ludwig Nohl Translated By Lady Wallace COMPLETE TWO VOLUMES In accompanying the present edition of the Letters of Ludwig van Beethoven with a few introductory remarks I at once acknowledge that the compilation of these letters has cost me no slight sacrifices I must also however mention that an unexpected Christmas donation generously bestowed on me with a view to further my efforts to promote the science of music enabled me to undertake one of the journeys necessary for my purpose and also to complete the revision of the Letters and of the press in the milder air and repose of a country residence long since recommended to me for the restoration of my health

undermined by overwork That in spite of every effort I have not succeeded in seeing the original of each letter or even discovering the place where it exists may well be excused taking into consideration the slender capabilities of an individual and the astonishing manner in which Beethoven's Letters are dispersed all over the world At the same time I must state that not only have the hitherto inaccessible treasures of Anton Schindler's Beethoven's Nachlass been placed at my disposal but also other letters from private sources owing to various happy chances and the kindness and complaisance of collectors of autographs I know better however than most people being in a position to do so that in the present work there can be no pretension to any thing approaching to a complete collection of Beethoven's Letters The master so fond of writing though he often rather amusingly accuses himself of being a lazy correspondent may very probably have sent forth at least double the amount of the letters here given and there is no doubt whatever that a much larger number are still extant in the originals The only thing that can be done at this moment however is to make the attempt to bring to light at all events the letters that could be discovered in Germany The mass of those which I gradually accumulated and now offer to the public with the exception of some insignificant notes appeared to me sufficiently numerous and important to interest the world and also to form a substantial nucleus for any letters that may hereafter be discovered On the other hand as many of Beethoven's Letters slumber in foreign lands especially in the unapproachable cabinets of curiosities belonging to various close fist-ed English collectors an entire edition of the correspondence could only be effected by a most disproportionate outlay of time and expense
