## **Beginning Operations A Sector General Omnibus:**

*Beginning Operations* James White, 2001-06-02 Sector General A massive deep space hospital station on the Galactic Rim where human and alien medicine meet Its 384 levels and thousands of staff members are supposedly able to meet the needs of any conceivable alien patient though that capacity is always being strained as more and stranger alien races turn up to join the galactic community Sentient viruses interspecies romances undreamed of institutional catering problems it all lands on Sector General s doorstep And the only thing weirder than a hitherto unknown alien species is having a member of that species turn up in your Emergency Room The first of two omnibus volumes reprints the works that began the Sector General series which were previously published as Hospital Station 1962 Star Surgeon 1963 and Major Operation 1971 At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

**Irish Science Fiction** Jack Fennell, 2014 An innovative examination of Irish science fiction from the 1850s to the present day covering material written both in Irish and in English Considering science fiction novels and short stories in their historical context it analyses a body of literature that has largely been ignored by Irish literature researchers

*Beginning Operations* James White, 2026-03-19 The first three novels in the incredible Sector General series Welcome to SECTOR GENERAL a colossal space hospital that attends to species ranging from an ultra intelligent prune in a blob of syrup to a teleportative brontosaurus to a shape shifting amoeba that constantly melts like an ice lolly on a summer s day The hospital s staff is equally diverse counting among its ranks an exoskeletal insect like assistant and a six legged elephantine surgeon Then there is Dr Conway An Earth human he is new to the job but will not let lingering first day jitters stop him from taking on his first big case treating a hundred unit gestalt of mind sharing aliens Throughout the course of the series his quick thinking and passion for his profession allow Dr Conway to ascend from Junior Intern all the way to Senior Diagnostician But this esteemed position is its own double edged sword for doctors of this rank have up to ten Education Tapes permanently imprinted in their brains While these recordings are invaluable when it comes to treating such a wide variety of life forms they also pass on the personality of the donor the consequences of which can range from a mere aversion to a particular food to a concerning attraction towards members of other species But the interstellar society of Sector General and beyond is ultimately a peaceful one where aside from the occasional pre arranged war to release tensions the biggest blows come from the acerbic tongue of the hospital s Chief Psychologist the enigmatic Major O Mara

**General Practice** James White, John Clute, 2025-10-16 At Sector General anything can happen and frequently does In this vast hospital in the depths of space the thousands of staff human and alien both have a single mission to care for all patients of all species For decades these dramas of humanity and humor have commanded a following among science fiction readers Now in a single omnibus the seventh and eighth volumes of the series Code Blue Emergency and The Genocidal Healer return to print along with an introduction by John Clute At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

Alien Emergencies James White, 2024-08-06 This omnibus edition presents books 4-6 of the sci-fi saga chronicling a vast hospital in outer space dedicated to saving both human and alien kind. James White's tales of Sector General are lively, humorous, and humane at times, shot through with a healer's anger at violence and destruction. These are endlessly inventive dramas of civility and spirituality tempered with White's gently wicked wit and his keen eye for the remarkable in the everyday. Now in a single volume, the second three volumes of the series *Ambulance Ship*, *Sector General*, and *Star Healer* return to print in complete and corrected editions, including a sequence *Spacebird* omitted from previous American editions of *Ambulance Ship*. The volume is introduced by Hugo Award-winning SF writer and critic David Langford. *Psychotherapy in Corrections* Peter N. Novalis, M.D., Ph.D., Virginia Singer, DNP, Carol M. Novalis, M.A., 2022-09-13 To practice psychotherapy in a correctional setting is to encounter a range of cultural issues reflecting the various ethnic, class, gender, and physical subgroups of the prison population, as well as to navigate the culture of the prison staff and justice system that underpins the patients' circumstances. Drawing on the authors' extensive professional experience, *Psychotherapy in Corrections* offers mental health professionals a comprehensive look at the most common situations they are likely to face and provides practical advice on dealing with them. Diagnostically oriented chapters cover core issues that include self-harm and substance use disorders, as well as mood and personality disorders. Specific supportive therapy techniques for addressing these issues, as well as special situations including the experience of women in prison, behaviors that can disrupt care, and efforts to reduce recidivism, are illustrated by clinical vignettes. In tackling the social and developmental conditions that lead individuals to interact with the correctional system, *Psychotherapy in Corrections* also acknowledges the effects of the COVID-19 pandemic and the movement for social justice in society. Anyone who conducts psychotherapy in a prison setting will benefit from an approach centered on treating the human in front of them, regardless of the setting or their crime. No Cure for the Future Gary Westfahl, George Slusser, 2002-09-30 Offers a broad study of the history of medicine in science fiction and fantasy literature and film, as well as detailed examinations of some of the field's greatest works. **Strange Divisions and Alien Territories** Keith Brooke, 2012-02-10 *Strange Divisions and Alien Territories* explores the subgenres of science fiction from the perspectives of a range of top SF authors. Combining a critical viewpoint with the exploration of the challenges and opportunities facing authors working in the field, contributors include Michael Swanwick, Catherine Asaro, and Paul di Filippo. **Cassette Books** Library of Congress. National Library Service for the Blind and Physically Handicapped, **Double Contact** James White, 2015-11-24 A doctor must find a diagnosis to save an alien species from extinction in this splendid series of science-fiction adventures. *Kirkus Reviews*: The empathic insectoid surgeon Dr. Prilicla, a veteran of the galaxy's top-tier hospital for years, is put in command of an expedition answering three distress beacons. What he finds is two hitherto unknown intelligent species, one of which has nearly wiped out the other. And he also finds evidence of a botched first contact, along with a rare opportunity to set matters right. Assuming, as always, that he can make an accurate diagnosis.

Acclaim for the Sector General series First class thoroughly enjoyable Kirkus Reviews Wit originality medical expertise and sheer decency Publishers Weekly Suspenseful and imaginative with a wry humor Starlog Marvelously entertaining an inventive series Science Fiction Chronicle
