**An Analysis and Theological Critique of Education** Richard Noble, 2023-11-25 When we ask the question what is the purpose of education we are asking what is the purpose of educating human beings and any sincere answer to this question can only be advanced following our reflections upon the interrelated question what do we mean by being human This Who are We question is embedded though usually not explicitly in school inspection regimes in day to day teaching practice and in all educational dialogue and policy It affects the wellbeing of those on the frontline of education But it is possible for staff policy makers and academics to uncover these hidden assumptions explore counter narratives and transform school curricula in the light of these reformed narratives The author approaches these questions from a Christian Contemplative standpoint via Radical Orthodoxy RO an academic persuasive and polemical sensibility and through the prayerful and relational aspiration of the contemplative tradition It takes as a central case study the inspection of a school by the UK Government inspection body Ofsted the Office for Standards in Education

**Historiography and Writing Postcolonial India** Naheem Jabbar, 2009-06-25 A critical examination of post colonial Indian history writing the book analyzes the uses made of India s often millennial past by nationalist ideologues who sought a specific solution to India s predicament on its way to becoming a post colonial state From independence to the present it considers the competing visions of India s liberation from her apocalyptic present to be found in the thinking of

Gandhi V D Savarkar Nehru and B R Ambedkar as well as V S Naipaul and Salman Rushdie      Refugee Women, Representation and Education Melinda McPherson, 2014-10-07 Even with increased attention to refugee women's issues in the late 20th century post colonial discourses have nurtured limiting representations of refugee women predominantly as subjects of charity and as victims Adding to a growing body of work in the field the author challenges this preconception by offering an opportunity for women's voices      **Digital Identity and Social Media** Warburton, Steven, Hatzipanagos, Stylianos, 2012-07-31 This book examines the impact of digital identities on our day to day activities from a range of contemporary technical and socio cultural perspectives while allowing the reader to deepen understanding about the diverse range of tools and practices that compose the spectrum of online identity services and uses Provided by publisher      Social Perspectives in Lesbian and Gay Studies Peter M. Nardi, Beth E. Schneider, 2013-09-13 This comprehensive reader brings a social science perspective to an area hitherto dominated by the humanities Through it students will be able to follow the story of how sociology has come to engage with gay and lesbian issues from the 1950s to the present from the earliest research on the underground worlds of gay men to the emergence of queer theory in the 1990s Bringing together classic readings and the best work of younger scholars from all parts of the English speaking world this reader will be an invaluable resource for courses at undergraduate and graduate level in all areas of the sociology of sexuality and gender Separate sections cover theoretical foundations identity and community making institutions and social change challenges for the future Each section begins with an introduction giving readers a brief guide to the readings in that section contextualises them and relates them to one another and the book ends with an afterword by Ken Plummer summing up the present state of play and looking forward to the future      *Saint Thecla* Rosie Andrious, 2020-09-17 This volume questions the prevailing female empowering interpretation of Thecla in the Acts of Paul and Thecla Rosie Andrious examines the way that Thecla is voyeuristically paraded and subjected to a kind of sado erotic torture and demonstrates how this perception clashes with any notion that she is presented as a positive role model for a woman Rather Andrious sets this discourse about female self control and chastity over against the wider narrative of Christian men struggling against the invasive violence of Rome and suggests that the victimized voyeuristic female representation of Thecla has very little to do with women and is rather a complex literary text that represents a power struggle between men The ideological function of Thecla is therefore as a constructed body that transcends its natural feminine weakness Andrious thus provides an original interpretative framework for understanding Thecla's representation and suggests a completely new way of seeing the saint      **History, Memory and Public Life** Anna Maerker, Simon Sleight, Adam Sutcliffe, 2018-07-06 History Memory and Public Life introduces readers to key themes in the study of historical memory and its significance by considering the role of historical expertise and understanding in contemporary public reflection on the past Divided into two parts the book addresses both the theoretical and applied aspects of historical memory studies Approaches to history and memory introduces key methodological and

theoretical issues within the field such as postcolonialism sites of memory myths of national origins and questions raised by memorialisation and museum presentation *Difficult pasts* looks at history and memory in practice through a range of case studies on contested complex or traumatic memories including the Northern Ireland Troubles post apartheid South Africa and the Holocaust Examining the intersection between history and memory from a wide range of perspectives and supported by guidance on further reading and online resources this book is ideal for students of history as well as those working within the broad interdisciplinary field of memory studies *Post-modernism for Psychotherapists* Del Loewenthal, Robert

Snell, 2003 This volume is a primer which takes the reader through the ideas of the most important post modern thinkers giving a clear summary of the essential points of their ideas and how they relate to current and future psychotherapy theory and practice **Fundamental British Values, Michel Foucault, and Religious Education Teacher Subjectivity**

Francis Farrell, 2023-05-17 This book contributes to the small but growing critical literature on fundamental British values and the Prevent strategy in the British education system Focusing specifically on RE a subject concerned with multiculturalism difference and pluralism the book will argue that there is a tension between the aims of RE and the agenda of fundamental British values The author argues that fundamental British values and the requirements of the Prevent duty 2015 amount to a securitization of education which fundamentally alters the relationship between teachers and learners The book presents these developments in education policy as a radical discursive shift drawing from in depth individual and group interviews with 52 secondary teachers of religious education the book foregrounds the views of BAME teachers and argues for a nuanced and inclusive approach to civic and values education
