Unfinished Journey: The Church 40 Years After Vatican 2 Austen Ivereigh, 2003-01-12 The Second Vatican Council which ended thirty five years ago promised so much a new vision of a reformed Church aware of its social theological and ecumenical responsibilities a truly conciliar Church with collegial structures However this vision seems to have evaporated and many of the promised reforms have been truncated or have not happened at all The Vatican remains intensely bureaucratic Theologians are silenced and the effect of clerical scandal seems to have led Church leaders to dig in and see the deposit of faith as something static Once again the Church believes it has a monopoly on the truth and millions of people feel marginalized and excluded Britain's long established Catholic weekly *The Tablet* has fought for the spirit and values of Vatican II in a way that no other journal has done It has criticised the Church *Humanae Vitae* and has condemned corruption but has also supported the Church where it has been right to do so These essays come from a truly international cast of contributors who cover the Church of Vatican II but above all give us prophesy of where this vision may still lead the Church and the people of God This is a Church *semper reformanda* **Giving the Church** Michael Moynagh, 2024-05-30 The nucleus of the church's vocation is to join the Spirit in giving communion in Christ to others in the form of new Christian communities for the benefit of the world But can the church be a welcome gift In *Giving the Church* leading ecclesialogist Michael Moynagh draws together recent thinking from the worlds of ecclesiology and missiology with significant sociological work on the idea of gift to provide a much needed theological rationale for some of the key missiological and ecclesiological movements in today's church Part 1 reworks some of the big themes in ecclesiology from this giving perspective the nature of the church the four marks the visible hidden church and inclusion exclusion Part 2 meanwhile draws on the extensive literature on gifts to offer an ethical framework for giving the church to others and uses this framework to provide fresh readings of liberationist herald and eucharistic models of the church It concludes by arguing that giving the church away can be a route to making the church a more attractive gift **Pope John Paul II** Tad Szulc, 2014-06-17 A comprehensive and exclusive biography on one of the most pivotal figures of the 20th century Pope John Paul II As the spiritual head of more than one billion Catholics and a world statesman of immense stature and influence Pope John Paul II was a major international figure Yet he remained a mystery theologically politically and

personally Through unprecedented access to both the Pope himself and those close to him veteran New York Times correspondent and award winning author Tad Szulc delivered the definitive biography of John Paul II This strikingly intimate portrait highlights the Polishness that shapes the Pope s mysticism and pragmatism while providing a behind the scenes look at the significant events of his public and private life Fascinating and thought provoking this biography of Pope John Paul II is vital reading not only for Roman Catholics but for anyone interested in one of the most important figures of our time The inside story of the negotiations involving John Paul II Soviet President Gorbachev and General Jaruzelski of Poland that led to Poland s and Eastern Europe s transition from communism to democracy John Paul II s secret diplomacy which resulted in the establishment of relations between the Holy See and Israel The never before told story of how the Polish communist regime helped to make Karol Wojtyla an archbishop the key step on his road to the papacy Fascinating and thought provoking this biography of Pope John Paul II is vital reading not only for Roman Catholics but for anyone interested in one of the most important figures of our time
