Roberta L. Coles

A Hmong Family:

The Latehomecomer Kao Kalia Yang, 2010-12-15 In search of a place to call home thousands of Hmong families made the journey from the war torn jungles of Laos to the overcrowded refugee camps of Thailand and onward to America But lacking a written language of their own the Hmong experience has been primarily recorded by others Driven to tell her family's story after her grandmother's death *The Latehomecomer* is Kao Kalia Yang's tribute to the remarkable woman whose spirit held them all together It is also an eloquent firsthand account of a people who have worked hard to make their voices heard Beginning in the 1970s as the Hmong were being massacred for their collaboration with the United States during the Vietnam War Yang recounts the harrowing story of her family's captivity the daring rescue undertaken by her father and uncles and their narrow escape into Thailand where Yang was born in the Ban Vinai Refugee Camp When she was six years old Yang's family immigrated to America and she evocatively captures the challenges of adapting to a new place and a new language Through her words the dreams wisdom and traditions passed down from her grandmother and shared by an entire community have finally found a voice Together with her sister Kao Kalia Yang is the founder of a company dedicated to helping immigrants with writing translating and business services A graduate of Carleton College and Columbia University Yang has recently screened *The Place Where We Were Born* a film documenting the experiences of Hmong American refugees Visit her website at www.kaokaliayang.com

Justice, Politics, and the Family Daniel Engster, Tamara Metz, 2015-11-17 At a time when same sex marriage gay adoption and the rise of single parent households challenge traditional views of the family this innovative volume helps readers put such issues into social and legal perspective Engster and Metz bring together essential readings in political and legal theory and organise them to illuminate pressing contemporary debates on the family gender and justice parents and children the state and globalisation *Justice Politics and the Family* is an engaging and a diverse addition to the area of critical legal theory and sociology

Race and Family Roberta L. Coles, 2006 The author provided interesting original examples which I found engaging I think the biggest strength is avoiding the one ethnicity per chapter approach found in so many books on family diversity I like the structural approach Hilary A Rose Concordia University A very useful book as a companion text for courses on race and ethnicity The chapters are easy to follow for undergraduate students Renxin Yang Northern Michigan University I think the book is needed because there are limited choices currently available and this book is moving in the right direction A strength is that it is not an edited book like so many other books on this topic There is a need for detailed study of ethnic minority families and I am

excited about making this book my required text for my Ethnic Families Course Cheryl Burgan Evans Miami University I find the emphasis on social structure particularly appealing To date I have used Taylor s edited book which depends on the instructor to provide all of the integration Gretchen Cornwell Pennsylvania State University In Race and Family A Structural Approach author Roberta L Coles looks at ethnic minority families in a novel way through a structural lens Unlike many texts on race and family this book offers an approach that illustrates overarching structural factors affecting all families as opposed to examining each ethnicity in isolation from one another By focusing on various structural factors such as demographic economic and historical aspects this book analyzes various family trends in a cross cutting manner to exemplify the similarities and distinctions among all racial and ethnic groups Key Features Establishes commonalities and differences across various cultures within American society in an approach that enables students to better compare and contrast different ethnic groups Covers multiracial families in addition to traditional ethnic groups such as African American Native American Latino American and Asian American to provide the most contemporary examination of American families Uses the latest research and Census data to present a relevant assessment of trends in family structure gender relations intergenerational relations family violence acculturation interracial marriage and adoption in an increasingly diverse American context Includes an annotated listing of suggested videos autobiographies articles and Web sites students can explore for further information Race and Family is a brief core textbook designed for advanced undergraduate and graduate students studying ethnic minority families and family diversity in the departments of Human Development Family Studies Family Consumer Sciences and Sociology

Refugee and Immigrant Family Voices Elizabeth Quintero,2009-01-01 Wisdom and activism come to us sometimes in the smallest and most unexpected ways through soft previously silenced yet passionate voices Critical theory critical literacy and related approaches to learning about the world and many forms of knowledge can be a potentially effective way to address complexities of our changing world society Critical pedagogists and other postmodern scholars speak often of the importance of educators taking on the risk and responsibility of being intellectual participants By attending to both the sense of opposition and the sense of engaged participation intellectuals can explore the possibilities for action This book reports on qualitative research following educators including parents community elders and teachers using critical literacy in several countries and documents the ways the educators use various funds of knowledge Moll et al 2005 for self advocacy It modestly attempts to address the funds of knowledge of educators families and community members in a variety of contexts from a variety of cultures continents and situations of living Thus this book is for all of us striving to make

connections with migrating people through our work educators researchers community activists classroom teachers family advocates and readers interested in the changing dynamics of societies Fields, Forest, And Family Carol

Ireson,2018-02-19 After the Vietnam War socialist governments ascended to power in all the countries of the former Indochina In Laos more than a decade of socialist reorganization was followed by economic liberalization in the late 1980s Laotian women had traditionally sustained the household and local economy with their work in field forest and family but political and economic changes markedly affected the context of rural women s prevailing sources of power and subordination Socialist policies for example curtailed women s commercial activities while recognizing women s work in agriculture and child care In this richly detailed volume Carol Ireson draws on ten years of fieldwork and research to explore this metamorphosis among Laotian women Throughout she poses questions such as What has happened to women s traditional sources of control over their own and others activities since the 1975 socialist revolution Have their traditional sources of power or autonomy expanded or contracted as changing conditions have allowed other groups to appropriate women s traditional resources and roles Have the dramatic changes had different effects on rural women of differing ethnic backgrounds and varying economic means Focusing on women from three major ethnic groups the lowland Lao the Khmu and the Hmong Ireson examines the different ways they have responded to political and economic changes She shows us that the Laotian experience reveals in microcosm the processes of change toward specialization and integration of women s work into national and global economies and explains how this shift deeply affects women s lives Hmong Refugees in the New

World Christopher Thao Vang,2016-05-16 Almost no one in the West had heard of the Hmong before National Geographic ran a cover story on the Southeast Asian ethnic group that had allied with the United States in the Vietnam War and few knew of them before their arrival in the U S and other Western nations in 1975 Originating in China centuries ago they have been known by various names Miao Meo Miaozi Meng or San Miao some of them derogatory The Hmong in the West are war displaced refugees from China and Laos though they have been misidentified as belonging to other ethnic groups This mislabeling has caused confusion about the Hmong and their history This book details the history of the Hmong and their journey from Eastern to Western countries providing a clear understanding of an immigrant culture little understood by the American public Instructors considering this book for use in a course may request an examination copy here **The**
