Use a stop-watch (or wristwatch) to time your student at least 5 times in saying the 7 new vocabulary words. Place an "x" on the student's time in the box above. Timing should continue until student can say the list words in 4 to 5 seconds. The repetition and concentration used in this SKILL has been shown to dramatically increase the ability of students to permanently learn the list words.

Along with vocabulary mastery, reading fluency (reading words quickly - easily and smoothly) has also been shown to be essential for achieving maximum reading comprehension in reading textbooks and tests. By insuring your student can say the above list words in under 5 seconds, fluency will increase significantly when reading in school textbooks and tests.
