Crossroads Mitchell K. Hall, 2005-09-29 The Vietnam War affected nearly every aspect of American life. It altered the economy, challenged citizens to reassess their values, and played a key role in the downfall of two presidential administrations. However, most people's attention remained focused on their daily lives, including the latest movie, the baseball score, and the new group on American Bandstand. But those elements were not immune from the war's effects. American popular culture changed dramatically during the Vietnam era, from *Leave It to Beaver* to *All in the Family* and from Bobby Darin to Bob Dylan. In *Crossroads*, historian Mitchell K. Hall explores the popular culture that shaped the baby boomers and the transformation that generation wrought in movies, television, sports, and music. As he traces the evolution of American culture, Hall looks at the ways in which these cultural elements not only underwent radical structural changes but also reflected the upheaval and unrest in Vietnam-era America.

Wading in Water Robert P. Vande Kappelle, 2021-11-11 At a time when people are increasingly considering themselves spiritual but not religious, *Wading in Water* speaks of spirituality as an individual's connection to a greater whole. Hence, the process of coming to know what we call God is also the process of

knowing oneself Thinking comprehensively spirituality involves what is what can be and what ought to be When activity rationality and morality are infused with creativity and imagination meaning that when body mind and soul are inspirited or harmonious with Spirit spirituality is authentic healthy and vital Healthy spirituality is integrative both individually and corporately in that it emerges from wholeness and yearns for wholeness How do we know if we are on a path to increased wholeness When we experience not only individual well being but help generate the same well being toward others In other words wholesome self love leads to greater love for others and for all of life While Wading may be seen as a text on spirituality its uniqueness is its connection of spirituality with creative arts such as poetry literary allegory film music theatre drama and dance Wading is not a comprehensive study for the purpose is to promote the enrichment of life through beauty creativity diversity risk taking newness serendipity and synchronicity joint features of spirituality and the arts Like its companion text Walking on Water this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection The Words and Music of Frank Zappa Kelly Fisher Lowe, 2007-10-01 A deep look at the work of one of the most insightful and incisive critics of late 20th century American culture
