Echoes from Dharamsala Keila Diehl,2002-06-03 In *Echoes from Dharamsala* Keila Diehl uses music to understand the experiences of Tibetans living in Dharamsala a town in the Indian Himalayas that for more than forty years has been home to Tibet s government in exile The Dalai Lama s presence lends Dharamsala s Tibetans a feeling of being in place but at the same time they have physically and psychologically constructed Dharamsala as not Tibet as a temporary resting place to which many are unable or unwilling to become attached Not surprisingly this community struggles with notions of home displacement ethnic identity and assimilation Diehl s ethnography explores the contradictory realities of cultural homogenization hybridity and concern about ethnic purity as they are negotiated in the everyday lives of individuals In this way she complicates explanations of culture change provided by the popular idea of global flow Diehl s accessible absorbing narrative argues that the exiles focus on cultural preservation while crucial has contributed to the development of essentialist ideas of what is truly Tibetan As a result foreign or modern practices that have gained deep relevance for Tibetan refugees have been devalued Diehl scrutinizes this tension in her discussion of the refugees enthusiasm for songs from blockbuster Hindi films the popularity of Western rock and roll among Tibetan youth and the emergence of a new genre of modern Tibetan music Diehl s insight into the soundscape of Dharamsala is enriched by her own experiences as the keyboard player for a Tibetan refugee rock group called the Yak Band Her groundbreaking study reveals the importance of music as a site where official and personal old and new representations of Tibetan culture meet and where different notions of Tibetan ness are being imagined performed and debated
