**Boys to Men in the Shadow of AIDS** A. Simpson, 2009-04-26 This ethnography charts the lives of mission educated men in Zambia and their search for meaning in the AIDS pandemic as well as their responses to prevention and HIV testing It also suggests how hegemonic masculinities may begin to be re figured and gender relationships redesigned **From Boys to Men** Emily Senay, Rob Waters, 2010-05-11 THE GROUNDBREAKING GUIDEBOOK ON THE HEALTH OF BOYS AND MEN FOR THE WOMEN WHO LOVE THEM Men are likely to die on average nearly six years earlier than women and they have higher mortality rates for many of the leading causes of death in America including heart disease accidents suicide chronic liver disease and cancer The women in their lives mothers wives girlfriends sisters and daughters are traditionally charged with managing their health concerns From Boys to Men is a unique resource designed to arm women with much needed information about men s health issues and to help them educate their male loved ones on how to take care of themselves Filled with Dr Senay s expert medical advice personal anecdotes and a healthy dose of humor From Boys to Men will resonate with women of every age and stage of life TOPICS INCLUDE BOYS Health issues unique to infants the most dangerous threats to teenage boys learning disabilities and developmental disorders gender issues sportsmanship body image sex and sexuality MEN Preventative care emotional needs and disorders stress and depression high cholesterol and blood pressure coping with illness sexual dysfunction and more *From Boys to Men* Tamara Shefer, 2007 The current emphasis in research and education on women and girls is fraught with problems It has raised a concern that boys and men should be included in research and intervention work on gender equality and transformation As a result academics with a background of many years of work in women s and gender studies undertook a research project focusing on the construction of masculinities among young men From Boys to Men was born out of this project This highly original work arises from the conference From Boys to Men held in January 2005 It represents the work of some of the best known theorists and researchers in masculinities and feminism in South Africa on the continent and internationally The subjects covered are based on rich ethnographic studies mostly in South Africa but also elsewhere in Africa Acknowledging that there are multiple versions of masculinity and that some are more valued than others this book is concerned with documenting both hegemonic discourses on masculinity as well as resistances and challenges to dominant forms of being a boy or man in different contexts of space and time From Boys to Men provides valuable material for those working with issues of gender identity and power and will sharpen understanding of males inform community based interventions and facilitate theory building This impressive collection of research on men boys and masculinities would have been impossible just a generation ago It took the worldwide impact of the women s liberation movement and the many feminisms that have since developed to bring gender into focus and to bring men into focus as participants in a gender system Raewyn Connell Professor at the University of Sydney author of *Masculinities* 1995 Given the extant paucity of research and literature on masculinities this book will undoubtedly prove to

be an invaluable resource for scholars in the field of gender studies The editors of the volume should be commended for this timely well constructed and significant contribution to the literature on masculinities studies both in South Africa and internationally Norman Duncan Chair of Psychology University of the Witwatersrand Setting this collection apart from existing scholarship on masculinities in South Africa is its interrogation of the gendered rhetoric of boyhood and manhood in the context of HIV Aids This is a multilayered and rich collection that suggests masculinities have the potential to be unmade and remade The volume usefully opens up new avenues of analysis telling us that masculinities are always in process under negotiation contradictory for ever in crisis Vasu Reddy Gender and Development Unit Human Sciences Research Council
