Brave Hearts Under Red Skies:

Brave Hearts Under Red Skies Jeffrey O'Leary, 2003 Where does faith go when the blue skies disappear This is not merely a book about the red fires of battle This is a book about believers whose trust in God has produced great courage enough to endure war s crucible Col Jeff O leary ret author of i Taking the High Ground has gathered a powerful array of personal war stories from America s beginnings through September 11th These stories reveal a powerful and affirming theme of authentic faith under fire spanning more than two centuries catalog resources author oleary_north.jpg width 300 height 251 align right Whether you are part of the military family or just love America you ll be challenged and changed by the stories of those who came before you of those who faced faith shaking storms similar to the ones we face today Through these stories you ll see that God is waiting to give you strength He is waiting to give you a brave heart under your own red skies **The Centurion**

Principles Jeff O'Leary, 2007-01-18 The Centurion Principles approaches leadership in a fresh and compelling way for leaders at all levels of responsibility Rather than long lists of principles and ideas with explanations this book teaches leadership concepts through captivating models revealing the hows and whys of leaders making decisions during their most difficult hours This approach of placing readers in the shoes of decision makers provides a realistic and gripping application of leadership principles The book is designed to motivate a reader into becoming the kind of leader that will leave a stirring legacy a Centurion Leader New York Times bestselling author Colonel Jeff O Leary ret illuminates the defining moments of great leaders including Julius Caesar Joan of Arc and Abraham Lincoln Thunder in the Argonne Douglas V.

Mastriano, 2018-06-15 In July 1918 sensing that the German Army had lost crucial momentum Supreme Allied Commander Ferdinand Foch saw an opportunity to end the First World War In drafting his plans for a final grand offensive he assigned the most difficult sector the dense Argonne forest and the vast Meuse River valley to the American Expeditionary Forces under General John J Pershing There the Doughboys faced thickly defended German lines with terrain deemed impossible to fight through From September 26 through the November 11 armistice US forces suffered more than 20 000 casualties a week but the Allies ultimately prevailed in a decisive victory that helped to end the Great War In Thunder in the Argonne Douglas V Mastriano offers the most comprehensive account of this legendary campaign to date Not only does he provide American French and British perspectives on the offensive but he also offers for the first time in English the German view Mastriano presents a balanced analysis of successes and failures at all levels of command examining the leadership of the principals while also illuminating acts of heroism by individual soldiers The Meuse Argonne Offensive is widely regarded as one of America s finest hours and the amazing feats of Sergeant Alvin York Major Charles Whittlesey of the Lost Battalion and Lieutenant Sam Woodfill all accomplished in the midst of this maelstrom echo across the ages Published to coincide with the centennial of the campaign this engaging book offers a fresh look at the battle that forged the modern US Army **Alvin York** Douglas V. Mastriano, 2014-02-20 Alvin C York 1887 1964 devout Christian conscientious objector and reluctant hero of

World War I is one of America's most famous and celebrated soldiers. Known to generations through Gary Cooper's Academy Award-winning portrayal in the 1941 film *Sergeant York*, York is credited with the capture of 132 German soldiers on October 8, 1918, in the Meuse-Argonne region of France, a deed for which he was awarded the Congressional Medal of Honor. At war's end, the media glorified York's bravery, but some members of the German military and a soldier from his own unit cast aspersions on his wartime heroics. Historians continue to debate whether York has received more recognition than he deserves. A fierce disagreement about the location of the battle in the Argonne forest has further complicated the soldier's legacy. In *Alvin York*, Douglas V. Mastriano sorts fact from myth in the first full-length biography of York in decades. He meticulously examines York's youth in the hills of east Tennessee, his service in the Great War, and his return to a quiet civilian life dedicated to charity. By reviewing artifacts recovered from the battlefield, using military terrain analysis, forensic study, and research in both German and American archives, Mastriano reconstructs the events of October 8 and corroborates the recorded accounts. On the eve of the WWI centennial, *Alvin York* promises to be a major contribution to twentieth-century military history. *Footprints in Time* Jeff O'Leary, 2006-10-17 Blink once and you enter the world. Blink twice and your life is over. Compared to Eternity, our lives go by in a blink. In that short space of time, what did God design for our lives? He designed us to fulfill a great Destiny far greater than most people ever realize or fulfill. *Footprints in Time* will take you on a great journey of discovery that will inspire, challenge, and encourage you to seek, find, and fulfill the great Destiny you were created for. You will be inspired by the lives of men and women just like you, with faults and fears just like you. You will be amazed at how God took their simple willingness and fulfilled His great will. You will be challenged to see the idols that now rule countless hearts in our culture and how they are keeping so many from their heavenly promise. Finally, you will be encouraged to ask yourself: If God could do it with these other men and women, why can't He do it with me? *Footprints in Time*: Fulfilling God's Destiny for your Life will change how you view your hours, days, and years, and the way you spend them. It will inspire you to lift up your eyes and fulfill your heavenly destiny. **American Book Publishing Record**, 2003 **The Publishers Weekly**, 2003 **Our Place Under the Stars** Anthony John DeMaria, 2022-12-07 *Our Place Under the Stars* By Anthony John DeMaria. *Our Place Under the Stars* is a personal journey through time and space with stories and commentary meant to delight, surprise, shock, and uplift the reader. With the author's autobiography serving as the backbone of the story, *Our Place Under the Stars* guides the reader through an exploration of the internet, academia, music, relationships, cosmic influence on Earthly phenomena, and the imperatives of sustainability. It contains information necessary for the evolution of the individual and will help the reader access their inner sensitivity, compassionate consciousness, and desire to act for the betterment of all mankind. *The Continental Monthly*, 1862 *Mars One: Humanity's Next Great Adventure* Norbert Kraft, James R. Kass, 2016-02-23 Human curiosity has led us to explore our solar system, landing on the moon and sending spacecraft to study distant planetary objects. The next step in our great adventure is putting humans on Mars, but what will it

really take to achieve this In 2011 Mars One announced its intentions to establish a permanent human settlement on Mars beginning as early as 2024 in 2013 it launched its astronaut selection program and received thousands of applications The highly anticipated Mars One documentary series will provide a window into the captivating details of the crew selection and training process allowing the whole world to follow along as Mars first settlers prepare for their mission Now with Mars One Humanity's Next Great Adventure you can step even further inside the experience of these astronaut pioneers and explore the various human dimensions of Mars One's planned expeditions Edited by Norbert Kraft MD Mars One's Chief Medical Officer and head of crew selection and training as well as crew selection and training committee members James R Kass PhD and Raye Kass PhD this collection of essays from scientists psychologists and more provides a behind the scenes look at the process and criteria used to choose candidates fascinating details about what they'll learn and predictions about their future lives on Mars Inside you'll find in depth discussions of The essential skills and training the Mars One astronauts will need to journey to and then survive on Mars from technical and medical know how to the interpersonal skills necessary for working in confined quarters so far from home The challenges of going through the selection and training process while being watched by millions around the world and what Mars One hopes watching the process will mean for viewers at home Inside information including images on the planned Mars One habitats and colonization timeline What settlers can expect on Mars from daily work activities in a hostile environment to communication with Earth and options for leisure time The book also includes excerpts from candidate questionnaires allowing readers to enter the minds of prospective Martians like never before
