Post-Holocaust France and the Jews, 1945-1955 Seán Hand, Steven T Katz, 2020-07-28

Despite an outpouring of scholarship on the Holocaust little work has focused on what happened to Europe's Jewish communities after the war ended. And unlike many other European nations in which the majority of the Jewish population perished France had a significant post-war Jewish community that numbered in the hundreds of thousands. *Post-Holocaust France and the Jews 1945-1955* offers new insight on key aspects of French Jewish life in the decades following the end of World War II. How Jews had been treated during the war continued to influence both Jewish and non-Jewish society in the post-war years. The volume examines the ways in which moral and political issues of responsibility combined with the urgent problems and practicalities of restoration and it illustrates how national imperatives, international dynamics and a changed self-perception all profoundly helped to shape the fortunes of postwar French Judaism. Comprehensive and informed, this volume offers a rich variety of perspectives on Jewish studies, modern and contemporary history, literary and cultural analysis, philosophy, sociology and theology. With contributions from leading scholars including Edward Kaplan, Susan Rubin Suleiman and Jay Winter, the book establishes multiple connections between such different areas of concern as the running of orphanages, the establishment of new social and political organisations, the restoration of teaching and religious facilities and the development of intellectual responses to the Holocaust. Comprehensive and informed, this volume will be invaluable to readers working in Jewish studies, modern and contemporary history, literary and cultural analysis, philosophy, sociology and theology.

Andaluces en los campos de Mauthausen Sandra Checa, Ángel del Río Sánchez, Ricardo Martín Morales, 2006

Con motivo de la visita que realizaron algunos supervivientes del campo de exterminio de Mauthausen y sus familiares, el Centro de Estudios Andaluces ha querido recoger gráficamente el momento y la imagen de esa visita, pues el papel de los españoles republicanos que padecieron cautiverio en los campos de exterminio de la Alemania nazi es sin duda uno de los episodios más olvidados de los últimos tiempos. Esta historia y los personajes que la vivieron y la padecieron es una parte indispensable de la memoria de nuestro pueblo.

Mémoires et représentations de la déportation dans l'Europe contemporaine Michel Fabreguet, 2016-01-01

Quels sont les enjeux mémoriels et les représentations de la déportation ? Le rapport des mémoires de la déportation avec les pratiques cognitives et les revendications victimaires travers l'Europe est ici abordé. Puis est envisagée la question des sources et des vecteurs littéraires, cinématographiques, associatifs, muséographiques et musicaux, sans oublier internet. Sont enfin analysés les moyens techniques et stylistiques, les buts des auteurs et la réception d'œuvres de domaines aussi différents que l'art du vitrail, la musique, la littérature, les sciences humaines.
