

A woman with long dark hair, wearing a yellow dress and a wide-brimmed straw hat, stands in a field of tall, golden-brown grass. She is smiling and has her arms outstretched, reaching towards the sky. The background is a bright, hazy sky with a soft sun glow.

“Always be full of joy
in the Lord.
I say it again—

Religion Versus Spirituality: Can Spirituality Flourish Apart from Organized Religion? (Debates in Dialogues) Joseph Schrock, 2019-03-20 This is a book that is devoted to helping inquiring spiritual thinkers find a path of genuine spirituality that leads them into spiritual growth and true harmony with the Divine Three imaginary characters intensely and passionately debate questions concerning the reliability of Judeo Christian scriptures questions about whether the concept of original sin in the Garden of Eden is a viable concept for the twenty first century etc Intense debates flare over questions about sexual morality whether Pauline theology can be regarded as credible in our age of scientific knowledge whether Heaven and Hell are real and numerous other issues that are of vital concern to spiritual seekers The three debaters in these dialogues are 1 An independent spiritual seeker 2 A Christian apologist devoted to a defense of mainstream Christianity and 3 A devoted skeptic who questions all things religious or spiritual If you are a spiritual seeker one who finds that the materialist secularist scientific paradigm for all reality leaves you cold this book can engagingly point you in the direction of ever deepening spiritual insights that will enable you to progressively advance toward genuine harmony with Ultimate Reality the Creator and Ruler of our wondrous universe This book can show you that you need never to abandon intelligence logic science or clear and rational thinking in order to attain a profound spirituality True spirituality need not be imprisoned in the straitjackets of dogmatic or narrow thinking about reality The Divine whom you can learn to serve faithfully and devotedly does not demand of you a repudiation of your God given intellect and God is never scared of humble and earnest questions It was not stated flippantly nor erroneously that in regard to true spirituality Seek and you shall find knock and the door will be opened to you Many of the claims made in this book incorporate the conviction that one must not necessarily buy into the theology of any extant organized religion but can have a direct line to the Creator receiving thereby inspiration encouragement empowerment inner peace and growth toward spiritual perfection For many in our scientifically enlightened age religion is pushed into the backwaters and passionate devotion to spirituality is regarded as passe This need not be so

because the Divine permeates every atom in this universe and the energy that sustains the universe is also highly willing to inspire direct and guide your life We need not settle for science as the new god because powerful though it is as a wonderful instrument it is nevertheless constrained by the limitations of human powers and our relatively puny intellects Your life can transcend what science has to offer because science is bereft of powers to master the mind and the spirit of humanity By availing yourself of the hints and guidelines offered in this book you can discover a glorious path of growing inner peace and joys that transcend the powers of human understanding Freedom of your will opens for you the door to genuine choice a choice that could potentially have the significance of Heaven versus Hell *Religion!
