Top Therapy Techniques:

Therapy's Best Howard Rosenthal, 2013-10-23 Insightful interviews with a Who's Who of the world's foremost therapists. *Therapy's Best* is a lively and entertaining collection of one-on-one interviews with some of the top therapists and counselors in the world. Educator and psychotherapist Dr. Howard G. Rosenthal talks with twenty of therapy's legends including Albert Ellis, arguably the greatest clinical psychologist and therapist of our time; assertiveness training pioneer Robert Alberti; experiential psychotherapist Al Mahrer; and William Glasser, the father of reality therapy and choice theory. Each interview reveals insights into the therapists' personal lives, their observations on counseling and the helping profession in general, and their thoughts on what really works when dealing with clients in need. The interviews found in *Therapy's Best* uncover treatment strategies that are often missing from traditional textbooks, journal articles, courses, and seminars related to assertiveness training, Rational Emotive Behavior Therapy (REBT), marriage and family counseling, transactional analysis, psychoanalysis, suicide prevention, voice therapy, experiential psychotherapy, and Emotion Focused Therapy (EFT). Conversations with the best and brightest, including two recipients of the American Psychological Association's Division of Psychotherapy's Living Legends award, reveal why these therapists are such effective helpers, what makes their theories so popular, and most important, what makes them tick. This unique book lets you rub elbows with these consummate professionals and learn more about their theories, ideas, and experiences. *Therapy's Best* includes interviews with Dr. Albert Ellis, creator of Rational Emotive Behavior Therapy (REBT) and APA Division of Psychotherapy Living Legend; Dr. Edwin Schneidman, the foremost expert on suicide prevention, suicidology, and thanatology; Richard Nelson Bolles, author of *What Color Is Your Parachute?*; Dr. Dorothy and Dr. Ray Bevcar, husband and wife therapists who write textbooks on marriage counseling; Dr. Al Mahrer, father of experiential psychotherapy and APA Division of Psychotherapy Living Legend; Les Greenberg, father of Emotion Focused Therapy (EFT); Muriel James, co-author of *Born to Win*; and many more. *Therapy's Best* is a must-read for professionals who practice counseling and psychotherapy, students preparing to do likewise, and anyone else with an interest in therapy and the people who provide it. *Favorite Counseling and Therapy Techniques* Howard G. Rosenthal, 2011-01-19 In the new edition of this highly popular book, Howard Rosenthal once again brings together a group of prominent therapists who share their insightful, pioneering, and favorite therapeutic techniques. These therapists include such well-known figures as Albert Ellis, Arnold Lazarus, William Glasser, Raymond Corsini, and Allen E. Ivey. Many of the classic entries in the previous edition are once again included, some unaltered and others updated, while several new chapters have been added to reflect the newest advancements in the counseling field. For practitioners wondering what methods to use when working with clients and what they can prescribe for them between sessions, or for those who simply are interested in gaining insight into the thoughts and minds of such eminent therapists, the more than 50 entries in this text are sure to be both highly useful and exciting reads. The Top 100 Ferguson, 2008-11 Breakthrough Therapy Techniques for

Individuals, Groups, Kids and Adults Amber Ferraez Kuntz, 2009-05-06 If you are looking for a way to reconnect with your children students team spouse or elderly parent this book is for you Breakthrough Therapy Techniques for Individuals Groups Kids and Adults is a collection of therapeutic activities for every day people as well as professionals Familiar toys and games are used and transformed into therapeutic interventions Activities include ice breakers and getting to know you exercises in addition to various activities meant to address issues such as grief and loss anger self esteem divorce and much more Ms Kuntz has written a comprehensive well organized guide on various treatment modalities for a wide ranging patient clientele She provides clear directions on the therapeutic techniques with numerous examples The style is casual and very readable making it useful to both beginning therapists and experienced clinicians Howard Leftin Adult Psychiatrist M D The book was great Well explained and so worth it Want to try some of the techniques on my children who are 9 and 10 Thanks for sharing Robin Stephenson Life Tree Adoption Agency Mrs Kuntz used these activities to solve some sibling problems in our family My children were always eager to see her She is creative fun and an empathic counselor I am so excited she has shared some of her activities with us Marty Bask

Clinical Guide to Positional Release Therapy Speicher, Timothy E., 2016-02-23 Clinical Guide to Positional Release Therapy With Web Resource is an invaluable resource for those who desire to learn practice and perfect the art of positional release therapy PRT to gently treat patients of all ages who have acute and chronic somatic dysfunction *Surgical Management of Vitiligo* Somesh Gupta, Dr. Mats J. Olsson, Amrinder J. Kanwar, Jean-Paul Ortonne, 2006-11-22 Although vitiligo has traditionally been very difficult to treat a new breakthrough surgical treatment is expanding options for practitioners and patients Standard treatments depend on the severity of the condition and the patient s feelings of disfigurement Cover up cosmetics work well for some people Other more sophisticated forms of treatment include gradually developing color back in the depigmented areas repigmentation by PUVA or other ultraviolet light treatments but this is extremely slow and intensive often requiring several hundred treatments This new form of treatment which involves surgically transplanting melanocytes into the white areas is most successful in patients with stable vitiligo over less than 30% of their body surface area It complements medical therapies in achieving complete and sustained repigmentation and is rapidly gaining popularity in all

major centers This is the first book available which describes this major advance in detail Explains the new treatment of surgically transplanting melanocytes into the affected areas of the skin to provide dermatologists and surgeons with the latest state of the art information Written by the international leaders who pioneered this treatment Presents all the latest information on the topic eliminating the need to search through multiple sources for specific data
