

Senioritis ignites

a general slowdown in activity

"Senioritis is when you do not want to do the work anymore, because you are a senior and nobody really cares anymore. It is basically when you lose interest in school because you are looking forward to graduating. I have had senioritis since the first month of school." -

Rafik Mattar

"Senioritis is not wanting to get up early in the morning, going through the same boring routine every day, like going to the same classes. It is basically when we are sick of high school and just want to get out of here and go on to something new and exciting, like college." -

Jonie Chung

"Senioritis is an incurable disease afflicting only seniors. It is not good to have it because you start to slack off and you don't do your school work, you get bored really easily. It is kind of contagious because one of my friends has it, and I can feel it coming on pretty strong." -

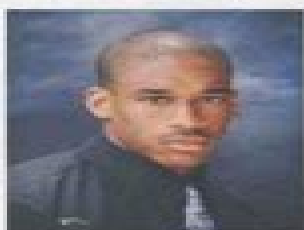

Ryan Earll

While desperately trying to pay attention in class, Senior Rafik Mattar becomes bored in his English class and eventually falls asleep. Many seniors found it hard not to slack off in certain classes and decided to either use their time to daydream or to take a short nap.
