Writing Progression Map

	Early Years	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Writing - Punctuation - handwriting	Use large motor movements to write flags and dinosaurs, paint and make marks. Use pre-hatched tools and equipment, for example, making steps in paper with scissors. Use a comfortable grip with good control when holding pens and pencils. Shows a preference for a dominant hand. Write some letters accurately. Develop their small motor skills so that they can use a range of tools competently, safely and confidently. Suggested tools: pencils for drawing and writing, construction, scissors, knives, hobs and spares.	Write lower case and capital letters in the correct direction, starting and finishing in the right place with a good level of consistency. Sit correctly at a table, holding a pencil comfortably and correctly. Form digits 1-6. Understand which letters belong to which handwriting 'family' (i.e. letters that are formed in similar ways) and to practise these.	Write capital letters and digits of the correct size, orientation and relationship to one another and to lower case letters. Form lower case letters of the correct size, relative to one another. Use spacing between words that reflects the size of the letters. Begin to use the diagonal and horizontal strokes needed to join letters.	Use a neat, joined handwriting style with increasing accuracy and speed. Continue to use the diagonal and horizontal strokes that are needed to join letters and to understand which letters, when adjacent to one another, are best left unjoined.	Increase the legibility, consistency and quality of their handwriting (e.g. by ensuring that the descenders of letters are parallel and equidistant, that lines of writing are spaced sufficiently so that the ascenders and descenders of letters do not touch). Confidently use diagonal and horizontal joining strokes throughout their independent writing to increase fluency.	Increase the speed of their handwriting so that problems with forming letters do not get in the way of writing down what they want to say. Be clear about what standard of handwriting is appropriate for a particular task, e.g. quick notes or a final handwritten version. Confidently use diagonal and horizontal joining strokes throughout their independent writing in a legible, fluent and speedy way.	Write legibly, fluently and with increasing speed by: - choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters. - choosing the writing implement that is best suited for a task. Recognise when to use an unjoined style (e.g. for labelling a diagram or table, writing an email address or for algebra) and capital letters (e.g. for filling in a form).
