Action Symbolism And Order:

Action, symbolism, and order Robert John Pranger, 1968 Gender, Symbolism and Organizational Cultures Professor Silvia Gherardi, 1995-09-07 The symbolic order of gender in organizations how gender relations are culturally and discursively produced and reproduced and how they might be done differently are explored in this book Silvia Gherardi focuses on the relationship between gender power and culture in organizations and on the need to come to grips with the pervasive elusive and ambiguous nature of gender in work settings She introduces two key metaphors The first is of the sexual contract which centres on the sexuality of organizations and static gender difference The second of the alchemic wedding highlights a plurality of cultural models of femaleness and of women work relationships and processes of dynamic difference transformation and transcendence Gherardi continues her examination of the construction of gender relations in the workplace through a series of rich and illuminating stories which also draw on various symbolic archetypes as powerful forms of cultural expression The final section of the book looks at possibilities for change developing in particular a concept of different forms of gender citizenship of organizations *Understanding Modernity* Richard Munch, 2010-11 First Published in 1988 this volume works towards a new understanding and exploration of the rise and development of modern society taking its lead from two classical theorists Emile Durkheim and Max Weber The key concept of this approach is the interpenetration of different spheres of action Richard Munch begins with an exploration of the points of convergence and divergence in the works of Durkheim and Weber He then builds from Durkheim a new theory of social order as a complex set of ordering dynamizing identity producing and goal setting factors Munch also constructs a new theory of personality development based on Durkheim's view of the duality of human nature He concludes by assessing Weber's contribution to our understanding of how modern social order emerged showing that the unique features of modern society emerged from the interpenetration of cultural political communal and economic spheres in action *The House of the Father As Fact and Symbol* J. David Schloen, 2018-07-17 The first two volumes on patrimonialism in Ugarit and the ancient Near East this book opens with a lengthy introduction on the interpretation of social action and households in the ancient world Following this foundation Schloen embarks on a societal and domestic study of the Late Bronze Age kingdom of Ugarit in its wider Near Eastern context **The Handbook of Media and Mass Communication Theory** Robert S. Fortner, P. Mark Fackler, 2014-03-10 The Handbook of Media and Mass Communication Theory presents a comprehensive collection of original essays that focus on all aspects of current and classic theories and practices relating to media and mass communication Focuses on all aspects of current and classic theories and practices relating to media and mass communication Includes essays from a variety of global contexts from Asia and the Middle East to the Americas Gives niche theories new life in several essays that use them to illuminate their application in specific contexts Features coverage of a wide variety of theoretical perspectives Pays close attention to the use of theory in understanding new communication
