Supreme Court,1915 **Genesis of the Cosmos** Paul A. LaViolette,2004-04-15 Provides compelling evidence that creation myths from the dawn of civilization correspond to cutting edge astronomical discoveries Exposes the contradictions in current cosmological theory and offers a scientific basis for the ancient myths and esoteric lore that encode a theory of continuous creation By the scientist who was the first to disprove the Big Bang theory on the basis of observational data Recent developments in theoretical physics including systems theory and chaos theory are challenging long held mechanistic views of the universe Many thinkers have speculated that the remnants of an ancient science survive today in mythology and esoteric lore but until now the scientific basis for this belief has remained cloaked in mystery Paul LaViolette reveals the remarkable parallels between the cutting edge of scientific thought and creation myths from the dawn of civilization With a scientific sophistication rare among mythologists LaViolette deciphers the forgotten cosmology of ancient lore in a groundbreaking scientific tour de force In direct nontechnical language he shows how these myths encode a theory of cosmology in which matter is continually growing from seeds of order that emerge spontaneously from the surrounding subquantum chaos Exposing the contradictions that bedevil the big bang theory LaViolette offers both the specialist and the general reader a controversial and highly stimulating critique of prevailing misconceptions about the seldom questioned superiority of modern science over ancient cosmology By restoring and reanimating this ancient scientific worldview Genesis of the Cosmos leads us beyond the restrictive metaphors of modern science and into a new science for the 21st century **Sigil & Shadow** R.E. Davis,2021-07-22 Set in a mirror of our own world Sigil Shadow is a roleplaying game of urban fantasy and occult horror in which players take on the roles of illuminated heroes and shadowed monsters to face the rising tide of supernatural forces Ancient nightmares lurk behind the closed doors of board rooms entities from beyond time prowl the city streets forgotten rituals are reborn as viral memes Do you take a stand against the encroaching shadows Or do you seek their power for yourself Powered by the highly accessible d00Lite system Sigil Shadow focuses squarely on the story rather than the mechanics who the characters are and what they do not how they do it Easy to adopt to any mythos campaigns can be built around a wide range of plots with players taking the role of anything from paranormal investigators and monster hunters to members of occult cabals or secret societies The setting offered sees a modern world buffeted by the tides of supernatural power where beings of myth wake from their slumber while modern cults sacrifice to pop culture gods and ancient cabals pursue their age old schemes into the digital age Reports of Cases in Law and Equity, Argued and Determined in the Supreme Court of the State of Georgia Georgia.
