1492 The Life And Times Of Juan Cabezon Of Castile:

1492 Homero Aridjis, 1985 1492 Homero Aridjis, 2003 A best seller in Latin America in the 1980s this novel of life in fifteenth century Spain depicts a world in which both the Moors and the Jews are under attack This is the formative period of the phenomenon known today as Crypto Judaism and Aridjis's widely praised book now available for the first time in an American paperback edition will find a broad audience among readers fascinated by this aspect of Jewish history In 1492 the Catholic rulers Ferdinand and Isabella expelled the Jews from Spain In Homero Aridjis novel the great saga of the expulsion comes to life with both historical and poetic resonance A great Mexican poet Aridjis embraces history and fiction with the warmth and insight of the lyrical vision Carlos Fuentes In this highly readable novel which deals with a special and painful chapter in history Homero Aridjis combines erudition sensitivity and poetic imagination I recommend it warmly Elie Wiesel A novel of literary subtlety and sensibility Few contemporary writers have captured so profoundly and with such style this era marked by three essential events the establishment of the Catholic sovereigns the expulsion of the Jews from Spain and the discovery of America El Pa s Madrid Among worldwide bestsellers 1492 is the most similar to Umberto Eco's The Name of the Rose both are concerned with the trials of heretics and the violence employed against the dissident Aridjis gives an encyclopedic vision of catastrophic times La Jornada Mexico City Beyond 1492 James Axtell, 1992 In this provocative and timely collection of essays five published for the first time one of the most important ethnohistorians writing today James Axtell explores the key role of imagination both in our perception of strangers and in the writing of history Coinciding with the 500th anniversary of Columbus's discovery of America this collection covers a wide range of topics dealing with American history Three essays view the invasion of North America from the perspective of the Indians whose land it was The very first meetings he finds were nearly always peaceful Other essays describe native encounters with colonial traders creating the first consumer revolution and Jesuit missionaries in Canada and Mexico Despite the tragedy of many of the encounters Axtell also finds that there was much humor in Indian European negotiations over peace sex and war In the final section he conducts searching analyses of how college textbooks treat the initial century of American history how America's human face changed from all brown in 1492 to predominantly white and black by 1792 and how we handled moral questions during the Quincentenary He concludes with an extensive review of the Quincentenary scholarship books films TV and museum exhibits and suggestions for how we can assimilate what we have learned **Re-envisioning Jewish Identities** Efraim Sicher, 2021-08-30 This innovative study shows how the imaginary constructions of self and Other are shaping identification with Jewishness in the twenty first century The texts and artworks discussed in this book test a diverse range of ways of identifying as Jews and with the Jewish people while engaging with postmodern and postcolonial discourses of hybridity and multiculturalism This book selects six key areas in which the boundaries of Jewish identities have been interrogated and renegotiated nation ethnicity gender sexuality religion and the Holocaust In each of these areas Sicher explores how major

and emerging contemporary writers and artists re envision the meaning of their identities Such re envisioning may be literally visual or metaphorical in the search for expression of artistic self between the conventional paradigms of the past and new ways of thinking

Imagining Columbus I. Stavans, 2016-04-30 Imagining Columbus is Stavans's contribution to the literature on Columbus My purpose says Stavans is to revisit to investigate to play with the asymmetrical geometries of the admiral's literary adventures in the human imagination Arguing that writers have portrayed Columbus in three ways as prophet or messiah as ambitious gold seeker and as a conventional rather unremarkable man Stavans examines numerous poems novels short stories dramas and other works on Columbus in this provocative book In Part 1 Mapmaking Stavans explores the two opposing views of the celebration of the quincentennial and discusses the most notable biographies of Columbus including those by Washington Irving and Samuel Eliot Morison In Part 2 Lives of a Literary Character Stavans takes up the geographic and historical development of Columbus as a narrative figure in literature and devotes a chapter to each of the three literary views of the admiral Stavans includes portrayals of other writers views on Columbus like Walt Whitman Alejo Carpentier James Fenimore Cooper Friedrich Nietzsche Nikos Kazantzakis Rub n Dar o Michael Dorris Louise Erdrich among others

Utopian Dreams, Apocalyptic Nightmares Miguel López-Lozano, 2008 Utopian Dreams Apocalyptic Nightmares traces the history of utopian representations of the Americas first on the part of the colonizers who idealized the New World as an earthly paradise and later by Latin American modernizing elites who imagined Western industrialization cosmopolitanism and consumption as a utopian dream for their independent societies Carlos Fuentes Homero Aridjis Carmen Boullosa and Alejandro Morales utilize the literary genre of dystopian science fiction to elaborate on how globalization has resulted in the alienation of indigenous peoples and the deterioration of the ecology This book concludes that Mexican and Chicano perspectives on the past and the future of their societies constitute a key site for the analysis of the problems of underdevelopment social injustice and ecological decay that plague today's world Whereas utopian discourse was once used to justify colonization Mexican and Chicano writers now deploy dystopian rhetoric to interrogate projects of modernization contributing to the current debate on the global expansion of capitalism The narratives coincide in expressing confidence in the ability of Latin American and U S Latino popular sectors to claim a decisive role in the implementation of enhanced measures to guarantee an ecologically sound ethnically diverse and just society for the future of the Americas

Sephardism Yael Halevi-Wise, 2012-04-11 In this book Sephardism is defined not as an expression of Sephardic identity but as a politicized literary metaphor Since the nineteenth century this metaphor has occurred with extraordinary frequency in works by authors from a variety of ethnicities religions and nationalities in Europe the Americas North Africa Israel and even India Sephardism asks why Gentile and Jewish writers and cultural figures have chosen to draw upon the medieval Sephardic experience to express their concerns about dissidents and minorities in modern nations To what extent does their use of Sephardism overlap with other politicized discourses such as orientalism hispanism and medievalism

which also emerged from a clash between authoritarian progressive and romantic ideologies This book brings a new approach to Sephardic Studies by situating it at a crossroads between Jewish Studies and Hispanic Studies in ways that enhance our appreciation of how historical fiction and political history have shaped and were shaped by historical attitudes toward Jews and their representation Latin American Novels of the Conquest Kimberle S. López, 2002 The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture significantly those elements that are most distinct from European culture such as cannibalism and human sacrifice but also feel the need to distance themselves from these others in order to protect their own European cultural identity In most cases the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic religious or sexual differences from the norm This representation turns the gaze inward toward the other within European culture underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors By examining these issues Lopez's Latin American Novels of the Conquest illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Oy, Caramba!** Ilan Stavans, 2016-09 Front Cover Title Page Copyright Contents **Peru's Indian Peoples and the Challenge of Spanish Conquest** Steve J. Stern, 1993 This second edition of Peru's Indian Peoples and the Challenge of Spanish Conquest includes Stern's 1992 reflections on the ten years of historical interpretation that have passed since the book's original publication setting his analysis of Huamanga in a larger perspective This book is a monument to both scholarship and comprehension comparable in its treatment of the indigenous peoples after the conquest only to that of Charles Gibson for the Aztecs and perhaps the best volume read by this reviewer in several years Frederick P Bowser American Historical Review Peru's Indian Peoples and the Challenge of Spanish Conquest is clearly indispensable reading for Andeanists and highly recommended to ethnohistorians generally In technical respects it is a job done right and conceptually it stands out as a handsome example of anthropology and history woven into one tight fabric of inquiry Frank Salomon Ethnohistory
