2 Gyrly Quarterly Summer 2005

Geraldine J. Clifford

2 Gyrلز Quarterly Summer 2005:

Girls Becoming Teachers , Queer Jewish Strangers in American Popular Culture Amy Tziporah Karp,2023-12-19

Queer Jewish Strangers in American Popular Culture Life Between Assimilation and Otherness explores LGBTQIA Jewish American identity in the United States and the queer Jewish stranger figures who live in between incorporation and estrangement Amy Tziporah Karp establishes that despite the near ubiquitous portrayal of Jewish American assimilation as a finished project completed in the wake of World War II in academic disciplines and throughout popular culture many LGBTQIA Jewish figures in contemporary popular culture inhabit stranger positionalities In these stranger spaces characters are forced to either perpetually attempt to assimilate or inhabit this interstitial stranger identity that is often viewed as a nowhere or homeless space Those who pursue assimilating endlessly try to fit in to no avail such as Jenny Schecter from Showtime s popular The L Word who is ultimately killed off on the show possibly murdered by her LGBTQIA community of friends Karp shows that those who attempt to make a home in a stranger positionality align themselves with other estranged and othered peoples such as characters throughout Sarah Schulman s novels and that this constitutes an ethical stance against the ways in which assimilation often inadvertently supports the workings of violent hegemonies in the United States

Good Time Girls of Nevada and Utah Jan MacKell Collins,2022-04-01 As settlements and civilization moved West to follow the lure of mineral wealth and the trade of the Santa Fe Trail prostitution grew and flourished within the mining camps small towns and cities the nineteenth century Nevada and Utah Whether escaping a bad home life lured by false advertising or seeking to subsidize their income thousands of women chose or were forced to enter an industry where they faced segregation and persecution fines and jailing and battled the other hazards of their profession Some dreamed of escape through marriage or retirement and some became infamous and even successful but more often found relief only in death An integral part of western history the stories of these women continue to fascinate readers and captivate the minds of historians today Nevada and Utah each had their share of working girls and madams who remain notorious celebrities in the annals of history like Kate Flint and Dora Topham but Collins also includes the stories of lesser known women whose roles in this illicit trade help shape our understanding of the American West Stolen Bases Jennifer Ring,2009 A revealing look at the history of women s exclusion from America s national pastime

The Comedy of Errors Harold Bloom,Janyce Marson,Sterling Professor of Humanities Harold Bloom,2010 Presents a collection of essays discussing aspects of William Shakespeare s historical play plus a summary of the play key passages characters and biographical information The Abercrombie Age Myles Ethan Lascity,2024-10-01 Be popular and good looking it s the key to a happy life Luckily with a bit of know how and money you too can have it all At least that s what teen pop culture was selling in surround sound at the turn of the millennium From movies like Clueless to TV s Dawson s Creek to the music videos on MTV s Total Request Live and the catalogs of Abercrombie Fitch a consumer minded ethos drove pop culture storytelling as millennials came of age in the

late 1990s and early 2000s But in the long shadow of the Great Recession the upwardly mobile aspirations fostered by the era's popular culture and media seem to have been thwarted Many millennials today lack the wealth their parents had at the same age and the gaps between rich and poor rival those of the Gilded Age The Abercrombie Age reconsiders teen popular culture from the turn of the twenty first century revealing how it told young people that life not only could but surely would get better Far from frivolous or forgettable the era's superficial materialistic culture sold millennials unrealistic expectations of what life could offer setting up a stark juxtaposition with the realities of today Those Good Gertrudes Geraldine J. Clifford, 2016-03 This book explores the professional civic and personal roles of women teachers throughout American history Its themes and findings build from the mostly unpublished writings of many women Clifford studied personal history manuscripts in archives and consulted printed autobiographies diaries correspondence oral histories interviews to probe the multifaceted imagery that has surrounded teaching This work surveys a long past where schoolteaching was essentially men's work with women relegated to restricted niches such as teaching rudiments of the vernacular language to young children and socializing girls for traditional gender roles

No Girls in the Clubhouse Marilyn Cohen, 2009-04-22 Even though teenaged girl Jackie Mitchell once struck out Babe Ruth and Lou Gehrig women are still striking out on the hardball diamond This book builds on recently published histories of women as amateur and professional players umpires sports commentators and fans to analyze the cultural and historical contexts for excluding females from America's pastime Drawing on anthropological and feminist perspectives the book examines the ways that constructions of women's bodies and normative social roles have pushed them toward softball instead of baseball Sportswriter accounts Title IX sex discrimination suits and interviews with players explore the obstacles and the social isolation of females who join all male baseball teams while also discussing policies that inhibit the practice

Invisible Seasons Kelly Belanger, 2017-01-03 In 1979 a group of women athletes at Michigan State University their civil rights attorney the institution's Title IX coordinator and a close circle of college students used the law to confront a powerful institution their own university By the mid 1970s opposition from the NCAA had made intercollegiate athletics the most controversial part of Title IX the 1972 federal law prohibiting discrimination in all federally funded education programs and activities At the same time some of the most motivated highly skilled women athletes in colleges and universities could no longer tolerate the long standing differences between men's and women's separate but obviously unequal sports programs In Invisible Seasons Belanger recalls the remarkable story of how the MSU women athletes helped change the landscape of higher education athletics They learned the hard way that even groundbreaking civil rights laws are not self executing This behind the scenes look at a university sports program challenges us all to think about what it really means to put equality into practice especially in the money driven world of college sports

American Girls in Popular Media Stella A. Riss, 2024-12-20 The appearance of high profile girl characters in popular culture media of all types soared between the years 1924 when Little Orphan Annie first appeared in the comic section of

newspapers to 1945 when teenage girls replaced their younger sisters in the spotlight As such girl culture of the 1920s through the 1940s experienced a boom in popularity Despite the substantial impact that prepubescent and preadolescent girls had on society during this time scholars have largely overlooked the experiences of these girls and their depictions in popular entertainment *American Girls in Popular Media A Cultural History of Preadolescent Girls 1890 1945* by Stella A Ress addresses this gap by weaving together archival materials newspaper articles letters images comic strips radio programs film and media content analysis both to tease out meaning from the varied depictions of young girls in popular culture and to uncover the voices and agency of those long silenced This book explores how these portrayals helped address societal anxieties exacerbated by the depression and war including generational conflicts gender issues racial tensions and urban rural divides This transformation not only mirrored societal changes but also played a role in shaping perceptions of femininity youth and social values leaving an indelible mark on American cultural history that continues to resonate today

Getting the books **2 Gyrlyz Quarterly Summer 2005** now is not type of inspiring means. You could not isolated going subsequently books increase or library or borrowing from your connections to entrance them. This is an certainly simple means to specifically acquire lead by on-line.
