The Pseudepigraphal Letters to the Thessalonians

Marlene Crüsemann, 2018-12-13 Marlene Crüsemann examines the Thessalonian letters in the context of Jewish Christian social history building upon her analysis of 1 Thessalonians Crüsemann comes to the conclusion that it is post apostolic epistolary communication and questions whether it is a letter of Paul and indeed whether it is an early letter This analysis in turn adds weight to the thesis propounded by some previous scholars that the letter is somewhat out of place and may be a later work by another author Crüsemann subsequently illustrates that 2 Thessalonians by contrast revokes the far reaching social separation from Judaism that characterizes 1 Thessalonians and thus aims socio historically at a solidarity with the entire Jewish people Analysing the concept of the Jews as supposed enemy the future of the Greek gentile community and the relationship between the two letters Crüsemann concludes that the discussion about a divergence of the ways of Christians and Jews in early Christian times needs to be realigned

A Biblical-Theological Introduction to the New Testament Michael J. Kruger, 2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight
