An Introduction to the Traditional Costumes of Sabah Rita Lasimbang, Stella Moo-Tan, 1997

The A to Z of Malaysia Ooi Keat Gin, 2010-06-07 The A to Z of Malaysia encapsulates the development of Malaysia from prehistory to the early years of the 21st century. It covers not only Malaysia's history but also its politics, economy, multiethnic society, multiculturalism, scientific and technological developments, and the state of its environment. A host of contemporary issues and challenges are featured, including ethnic polarization, economic equity, and polygamy. Concepts like Ketuanan Melayu, Malay Dominance, Malaysian Malaysia, Malay and Islam, Hadhari, Civilizational Islam, and terms like Ali Baba, business kiasi, bejalai, and Twenty Points. Over 500 cross-referenced dictionary entries are contained in this reference, covering everything from ethno-historical entries to those on culinary favorites and personalities. A chronology, an introductory essay, appendixes, and a bibliography complement the dictionary entries, enhancing the authoritative and up-to-date information provided.

Historical Dictionary of Malaysia Ooi Keat Gin, 2017-12-18 Malaysia is one of the most intriguing countries in Asia in many respects. It consists of several distinct areas, not only geographically but ethnically as well, along with Malays and related groups. The country has a very large Indian and Chinese population. The spoken languages obviously vary at home, although Bahasa Malaysia is the official language and nearly everyone speaks English. There is also a mixture of religions, with Islam predominating among the Malays and others, Hinduism and Sikhism among the Indians, mainly Daoism and Confucianism among the Chinese, but also some Christians, as well as older indigenous beliefs in certain places. This second edition of *Historical Dictionary of Malaysia* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Malaysia.

Bradt Travel Guide - Borneo Tamara Thiessen, 2008 Borneo's biodiversity is among the richest in the world. The first guide to focus on Malaysian Borneo and Brunei, this book gives full details on where and how to see the island's colourful flora and fauna. Tropical rainforest and rivers cover over 70% of Malaysian Borneo, and this lush habitat is home to hundreds of unique species, from the jelly green snake and bearded pig to the proboscis monkey. Trek through one of the region's national parks or catch a glimpse of an orang utan. Traditional rural lifestyles, tribal influences, and ethnic variety also offer the visitor a rewarding cultural experience. Take part in island festivities, spend the night in a longhouse, or shop in the bustling markets. Borneo can provide for adventure travellers, divers, and even sunbathers. Over 27,000 UK visitors travelled to Borneo in 2007, up 10% on the previous year.

Staging Indigenous Heritage Yunci Cai, 2020-08-12 *Staging Indigenous Heritage* examines the cultural politics of four Indigenous cultural villages in Malaysia. Demonstrating that such villages are often beset with the politics of brokerage and representation, the book shows that this reinforces a culture of dependency on the brokers. By critically examining the relationship between Indigenous tourism and development through the establishment

of Indigenous cultural villages the book addresses the complexities of adopting the culture for development paradigm as a developmental strategy Demonstrating that the opportunities for self representation and self determination can become entwined with the politics of brokerage and the contradictory dualism of culture it becomes clear that this can both facilitate and compromise their intended outcomes Challenging the simplistic conceptualisation of Indigenous communities as harmonious and unified wholes the book shows how Indigenous cultures are actively forged struggled over and negotiated in contemporary Malaysia Confronting the largely positive rhetoric in current discourses on the benefits of community based cultural projects Staging Indigenous Heritage should be essential reading for academics and students in the fields of museum studies cultural heritage studies Indigenous studies development studies tourism anthropology and geography The book should also be of interest to museum and heritage professionals around the world Culture and Customs of Singapore and Malaysia Jaime Koh, Stephanie Ho Ph.D., 2009-06-22 Explore the contemporary culture and traditional customs of Singapore and Malaysia in a volume that belongs on shelves in every high school and public library Culture and Customs of Singapore and Malaysia examines all aspects of contemporary life in these two geographically close and historically and culturally connected nations starting with the people fighting to maintain a balance between the new and the traditional The book shows how religion has evolved through time in the two nations and examines how literature and traditional crafts thrive today It highlights the performing arts and entertainment noting how Western culture has influenced and shaped new customs Housing and architecture both modern and traditional are discussed along with cuisine and fashion Students can use the book to analyze gender roles and family life They can also read about the ways in which festivals are celebrated and can compare and contrast leisure activities of Singapore and Malaysia with their own The volume concludes with a look to the future of these two evolving countries both moving toward modernity but still holding on to the traditions of the past
