Antonio Machado Xon de Ros, 2015 This book offers a much needed reappraisal of a major twentieth century Spanish poet Antonio Machado 1875 1939 offering compelling arguments why his poetry should have a more vital profile not only within the precincts of Hispanism but also alongside the most significant twentieth century poets of Europe and America seeking to open up new perspectives for the interpretation of his poetry The unifying concepts as the title suggests are landscape and transformation Landscape a topic barely broached in Spanish poetry before Machado is a central thematic concern in his poetry The Power of Paradox in the Work of Spanish Poet Antonio Machado (1875-1939) Philip G. Johnston, 2002 Focuses

Machado, 2012-03-07 Master poet Antonio Machado y Ruiz is widely regarded as one of the twentieth century's greatest Spanish writers His collection of poems celebrating the region of Castile made him one of the primary voices of the Generation of 1898 a brilliant group of writers dedicated to Spain's moral and cultural rebirth after the Spanish American War Machado's lyrical *Campos* poems tinged with nostalgic melancholy are powerfully introspective and meditative revealing an evolution away from his previously ornate Modernist style With these magnificent poems Machado moved toward a

simpler more authentic approach that would later distinguish all of his works This unabridged edition of Machado s landmark Campos de Castilla is presented in a dual language format which features an excellent new translation on pages facing the Spanish original A fully informative introduction and comprehensive notes by the translator are also included *Spanish Fascist Writing* Justin Crumbaugh, Nil Santianez, 2020-12-16 This important collection of Spanish fascist writing makes it possible for the first time to fully incorporate Spain into the global history of fascism **Spanish Women's Writing**

Spanish Writing, 1939 to the 1990s Chris Perriam, 2000 A New History of Spanish Writing 1939 to the 1990s explores the diversity of some sixty years of imaginative writing by Spaniards its interactions with Spain s peculiarly dramatic history since the end of its Civil War and its wider thematic significance It covers the famous and canonical texts of the most recent in Modern Spanish literature but also explores areas less well known outside Spain essays and editorials queer narrative new poetry comics and texts of the militant and reactionary Right More space than is usual in literary histories is allowed for commentary on famous texts but the book also makes room for the marginalized and for socially contextualized explorations of the interconnectedness of various forms of writing The overall structure is not chronological but thematic dealing with abstract and topical issues such as silence the family or realism **The Poem and the Insect** David Spooner, 2002-03-19
