Red Marble Arman Berra, 2023-11-02 Salih a very successful son with his superior intelligence No one could have known that the consequences of Salih s family deciding everything in his life would be like this Who knew how bad it could be to limit an intelligent child to playing marbles so that his success would not decrease Everyone loves marbles just like Salih So can we love marbles that are painted with a red liquid that you don t want instead of paint Could his family love Could he love His family thought he would play marbles like an ordinary child Here is an enjoyable section written with literary flavours from the life of Salih who does not yet know that sometimes he can lose even when he wins a game and a family who experiences the consequences of this His family could not have predicted that Salih whom they thought would always be with them would change the entire equation and turn their lives upside down But they didn t know maybe their lives could have been better than turning them upside down Matter Matters Kurt Smith, 2010-04-29 Why is there a material world Why is it fundamentally mathematical Matter Matters explores a 17th century answer to these questions as it emerged from the works of Descartes and Leibniz Kurt Smith establishes the claim that mathematics is intelligible if and only if matter exists
