Apocalypse Watch The:

The Apocalypse Watch Robert Ludlum, 2014-11-25 American agent Harry Latham has penetrated the fortresslike mountain hideaway of the Brotherhood of the Watch a neo Nazi organization that was born in the days after the fall of the Third Reich But on the eve of his most spectacular success after three years in deep cover Harry disappears Drew Latham Special Officer for Consular Operations in Paris is frantic to discover his older brother's fate But when Drew receives the good news that Harry has surfaced gut twisting doubts arise For Harry has emerged with an explosive document a list of secret supporters of the Brotherhood among them high ranking officials of the United States and its allies But is it legitimate The search for the truth about Harry and the growing Nazi threat will plunge Drew into a labyrinth of deceit and death And whoever makes it out alive will hold the fate of the free world in his hands Praise for Robert Ludlum and *The Apocalypse Watch* A powerful exploding novel vintage Ludlum in fine form Booklist If a Pulitzer Prize were awarded for escapist fiction Robert Ludlum undoubtedly would have won it Ten times over Mobile Register Bloody great fun Kirkus Reviews

Apocalypse's Orphan Timothy Ford Allen, 2013-06 Some two hundred miles above Earth Commander Orlando Iron Wolf is ready to complete his final orbit of the day aboard the International Space Station As he peers out the window and counts down the minutes until his shift ends he suddenly sees a blinking light in the distance Wolf has no idea that what he is seeing is a rogue comet headed straight on a collision course with Earth Now it is up to him to try to stop it before the planet is destroyed As NASA frantically moves the Hubble Wolf is assigned to travel on the Atlantis shuttle to observe the comet As the world prepares to save as many people as possible Wolf ignores his foreboding feelings and heads toward the comet where his mission inevitably fails and he is placed in suspended animation Now cryogenically frozen Wolf is watched through the centuries by an onboard computer When Wolf is finally released from the comet's grip thousands of years have passed the earth has been fractured into two nearly identical planets and humankind has reverted to living amid medieval times In this exciting science fiction tale a man must use his newly discovered superpowers and the female voice of a computer to stem the oppressive tide of those who want nothing more than to see him and the future annihilated forever **Apocalypse**

without God Ben Jones, 2022-04-21 *Apocalypse* it seems is everywhere Preachers with vast followings proclaim the world's end Apocalyptic fears grip even the nonreligious amid climate change pandemics and threats of nuclear war As these ideas pervade popular discourse grasping their logic remains elusive Ben Jones argues that we can gain insight into apocalyptic thought through secular thinkers He starts with a puzzle Why would secular thinkers draw on Christian apocalyptic beliefs often dismissed as bizarre to interpret politics The apocalyptic tradition proves appealing in part because it theorizes a relation between crisis and utopia Apocalyptic thought points to crisis as the vehicle to bring the previously impossible within reach offering resources for navigating challenges in ideal theory which involves imagining the best most just society By examining apocalyptic thought's appeal and risks this study arrives at new insights on the limits of utopian hope This title is
