Bubbles A Self Portrait:

Bubbles Beverly Sills, 1978 **Women in American Operas of the 1950s** Monica A. Hershberger, 2023 The first feminist analysis of some of the most performed works in the American opera canon emphasizing the voices and perspectives of the sopranos who brought these operas to life In the 1950s composers and librettists in the United States were busy seeking to create an opera repertory that would be deeply responsive to American culture and American concerns They did not break free however of the age old paradigm so typically expressed in European opera that is of women as either saintly and pure or sexually corrupt with no middle ground As a result in American opera of the 1950s women risked becoming once again opera s inevitable victims Yet the sopranos who were tasked with portraying these paragons of virtue and their opposites did not always take them as their composers and librettists made them Sometimes they rewrote through their performances the roles they had been assigned Sometimes they used their lived experiences to invest greater authenticity in the roles With chapters on *The Tender Land* *Susannah* *The Ballad of Baby Doe* and *Lizzie Borden* this book analyzes some of the most performed yet understudied works in the American opera canon It acknowledges Catherine Clement s famous description of opera as the undoing of women while at the same time illuminating how singers like Beverly Sills and Phyllis Curtin worked to resist such undoing years before the official resurgence of the American feminist movement In short they ended up helping to dismantle powerful gendered stereotypes that had often reigned unquestioned in opera houses until then

Max Beckmann's Self Portraits, 1900-1916 Karen Ann Lang, 1987 *The Magic of Beverly Sills* Nancy Guy, 2015-10-15 With her superb coloratura soprano passion for the world of opera and down to earth personality Beverly Sills made high art accessible to millions from the time of her meteoric rise to stardom in 1966 until her death in 2007 An unlikely pop culture phenomenon Sills was equally at ease on talk shows on the stage and in the role of arts advocate and administrator Merging archival research with her own love of Sills s music Nancy Guy examines the singer actress s artistry alongside the ineffable aspects of performance that earned Sills a passionate fandom Guy mines the memories of colleagues critics and aficionados to recover something of the spell Sills wove for people on both sides of the footlights during the hot moments of onstage performance At the same time she analyzes essential questions raised by Sills s art and celebrity How did Sills challenge the divide between elite and mass culture and build a fan base that crossed generations and socio economic lines Above all how did Sills capture the unnameable magic that joins the members of an audience to a performer and to one another Intimate and revealing *The Magic of Beverly Sills* explores the alchemy of art magnetism community and emotion that produced an American icon **Poetry's Self-portrait** Mary E. Eichbauer, 1992 The intricate relationship between poetry and the visual arts has invited centuries of speculation about a deep connection of all art to mysterious sources of inspiration In contrast this study considers their association to be the ideological effect of a colonizing gaze which is essentially self referential By analyzing the poetry of Ren Char and John Ashbery both deeply involved with art and artists this study persuasively argues

that the arts traditionally act for poetry as a kind of muse a source of inspiration and a mirror for poetic self definition
