Browning's Beginnings Herbert F. Tucker Jr., 1980-12-31 Browning's Beginnings was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Browning's Beginnings offers a fresh approach to the poet who among major Victorians has proved at once the most congenial and most inscrutable to modern readers Drawing on recent developments in literary theory and in the criticism of romantic poetry Herbert F Tucker Jr argues that Browning's stylistic obscurity is the result of a principled poetics of evasion This art of disclosure in deferring formal and semantic finalities constitutes an aesthetic counterpart to his open ended moral philosophy of incompleteness Browning's poems like his enormously productive career find their motivation and sustenance in his optimistic love of the future a love that is indistinguishable from his lifelong fear that there will be nothing left to say The opening chapters trace the workings of Browning's art of disclosure with extensive and original interpretations of the unduly neglected early poems Pauline Paracelsus and Sordello and place special emphasis on Browning's attitudes toward poetic tradition and language A chapter on Browning's attitudes toward poetic tradition and language A chapter on Browning's plays identifies dynamics of representation in Pippa Passes Strafford and King Victor and King Charles Tucker discusses the pervasive analogy between Browning's ideas about poetic representation and about representation in its erotic and religious aspects and shows how the early poems and plays illustrate correlative developments in poetics and in the exploration and dramatic rendering of human psychology The remaining chapters follow the poetic psychology of Browning to its culmination in the great poems of his middle years exemplary readings of selected dramatic lyrics and monologues suggest that the ways of meaning in Browning's mature work variously bear out the sense of endlessness or perpetual initiation that is central to his poetic beginnings Tucker thus contends that the romantic and the Victorian Browning have more in common than is generally supposed and his book should appeal to students of both periods Its discussion of general literary issues poetic influence closure representation and meaning in application to particular texts should further recommend Browning's Beginnings to the nonspecialist reader interested in poetry and poetic theory **A Register of Bibliographies of the English Language and Literature** Clark Sutherland Northup, Joseph Quincy Adams, Andrew Keogh, 1925 *The Publishers Weekly* ,1902 **Nineteenth-century Literature Criticism** Laurie Lanzen Harris, 1981 Excerpts from criticism of the works of novelists poets playwrights short story writers and other creative writers who lived between 1800 and 1900 from the first published critical appraisals to current evaluations **Browning's Later Poetry, 1871-1889** Clyde de L. Ryals, 2019-06-30 Maintaining that Browning's later work has been underestimated Professor Ryals gives close sophisticated readings of the individual poems covering each

of the published volumes from Balaustion's Adventure through Asolando. He emphasizes the overall structure of a poem and the manner in which themes and ideas are presented. The later Browning is portrayed as a poet intent upon discovering forms that would give shape and meaning to thought and experience.
