Bucky the Unicorn Deer Linda Borruso,2025-08-26 The inspiration for this children s story came from a real deer with one antler I named Bucky He appeared at my home on a cold blustery winter day in rural Connecticut Emaciated with all of his ribs showing and a broken rear ankle it was obvious he was struggling to survive Without human intervention this small young deer was not going to live through the winter I bought bags of deer food to feed him but quickly realized he was being chased off by the other deer who came to eat as well Now whenever Bucky came to eat I stood outside in the cold as he ate The other deer stepped back or ran away but Bucky knew I was protecting him as he ate his fill In a short amount of time he grew to trust me learning his name and my face Finally through nutritious food he was gaining some weight as you can see in the photo and his rear ankle began to heal Our friendship bonded us but he still remains wild and free [Bucky O'Connor: A Tale Of The Unfenced Border](#) William Macleod Raine,2023-08-01 Bucky O Connor A Tale of the Unfenced Border by William MacLeod Raine is an enthralling Western novel that transports readers to the untamed frontier of the American Southwest Set along the unfenced border between Texas and Mexico the book tells the captivating story of Bucky O Connor a courageous and resourceful protagonist Through Bucky s adventures the novel explores themes of justice honor and the relentless pursuit of truth in a lawless land The book showcases the conflicts and tensions between settlers outlaws and law enforcement in a rugged and dangerous environment With vivid descriptions and dynamic storytelling Bucky O Connor captures the essence of the borderland its vast landscapes and the complex characters who inhabit it It offers readers a thrilling and immersive experience delving into the challenges and triumphs of those living on the edge of civilization *The Sense of Significance: The Friendship Between Christopher Morley And Buckminster Fuller* Louise Morley Cochrane, The Sense of Significance chronicles the close friendship of Christopher Morley a well known writer journalist and broadcaster with the scientist and inventor Richard Buckminster Fuller Bucky now world famous for designs such as the geodesic dome From their first meeting in 1934 to Morley s death in 1957 they kept in close contact through meetings shared travels and correspondence This book records the progress of that friendship with quotations from letters diaries and interviews with Bucky himself It was written with Bucky s active participation between 1975 and 1982 and is now published for the first time [Bucky OConnor: A Tale of the Unfenced Border](#) William MacLeod Raine, She had been aware of him from the moment of his spectacular entrance though no slightest sign of interest manifested itself in her indolent incurious eyes Indeed his
