Bednarek,2016-08-31 This book explores the relationship between cities and their commercial airports These vital transportation facilities are locally owned and managed and civic leaders and boosters have made them central to often expansive economic development dreams including the construction of architecturally significant buildings However other metropolitan residents have paid a high price for the expansion of air transportation as battles over jet aircraft noise resulted not only in quieter jet engine technologies but profound changes in the metropolitan landscape with the clearance of both urban and suburban neighborhoods And in the wake of 9 11 the US commercial airport has emerged as the place where Americans most fully experience the security regime introduced after those terrorist attacks

City Life Macelle Mahala, 2022-08-15 Macelle Mahala's rich study of contemporary African American theater institutions reveals how they reflect and shape the histories and cultural realities of their cities. Arguing that the community in which a play is staged is as important to the work's meaning as the script or set, Mahala focuses on four cities' arts ecologies to shed new light on the unique relationship between performance and place. Cleveland, home to the oldest continuously operating Black theater in the country; Pittsburgh, birthplace of the legendary playwright August Wilson; San Francisco, a metropolis currently experiencing displacement of its Black population; and Atlanta, a city with forty years of progressive Black leadership and reverse migration. **Black Theater City Life** looks at Karamu House Theatre, the August Wilson African American Cultural Center, Pittsburgh Playwrights Theatre Company, the Lorraine Hansberry Theatre, the African American Shakespeare Company, the Atlanta Black Theatre Festival, and Kenny Leon's True Colors Theatre Company to demonstrate how each organization articulates the cultural specificities, sociopolitical realities, and histories of African Americans. These companies have faced challenges that mirror the larger racial and economic disparities in arts funding and social practice in America, while their achievements exemplify such institutions' vital role in enacting an artistic practice that reflects the cultural backgrounds of their local communities. Timely, significant, and deeply researched, this book spotlights the artistic and civic import of Black theaters in American cities.
