American West In The Thirties:

A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance **The American West in 2000** Richard W. Etulain, Ferenc Morton Szasz, 2003 The ten original essays commissioned for this book focus on historical subjects in the post World War II American West The late Gerald Nash in whose honor the essays were written made major contributions to the study of modern American and western American history and his impact on those fields is demonstrated in these essays by several generations of his students and colleagues Emphasizing social and cultural developments the essays draw on methodologies and topics from comparative history environmental history urban history and political history The authors write on subjects ranging from women s rights to urban sprawl from organized religion to tourism from mining to American Indian culture An autobiographical essay by Nash himself situates his life s work in the context of two formative experiences his intellectual development as a German refugee arriving in New York in the late 1930s and his commitment to the study of the American West when he began graduate school The contributors include Margaret Connell Szasz Arthur R Gomez Donald J Pisani Marjorie Bell Chambers Carol Lynn MacGregor Christopher J Huggard Roger W Lotchin and Gene M Gressley as well as Nash and the volume editors The American West Michael P. Malone, Richard W. Etulain, 1989-01-01 Chronicles the history of the American West in the twentieth century tracing economical political social and cultural developments in the region from the turn of the century to the 1980s **Voices of the American West** Eli Seavey Ricker, Richard E. Jensen, 2005-01-01 In this second volume of interviews conducted by Nebraska judge Eli S Ricker he focuses on white eyewitnesses and participants in the occupying and settling of the American West in the nineteenth century In the first decade of the twentieth century as the Old West became increasingly distant and romanticized in popular consciousness Eli S Ricker 1842 1926 began interviewing those who had experienced it firsthand hoping to write a multivolume series about its last days centering on the conflicts between Natives and outsiders For years Ricker traveled across the northern Plains gathering information on and off reservations in winter and in summer Judge Ricker never wrote his book but his interviews are priceless sources of information about that time and place and they offer more balanced perspectives on events than were accepted at the time Richard E Jensen brings together all of Ricker s interviews with those men and women who came to the American West from elsewhere settlers homesteaders and veterans These interviews shed light on such key events as the massacre at Wounded Knee the Little Bighorn battle Beecher Island Lightning Creek the Mormon cow incident and the Washita massacre Also of interest are glimpses of everyday life at different agencies including

Pine Ridge Yellow Medicine and Fort Sill School brief though revealing memoirs and snapshots of cattle drives conflicts with Natives and the construction of the Union Pacific Railroad *The American West in the Thirties* Arthur Rothstein,1981-06-01 Westward: A Fictional History of the American West Dale L. Office of Education,1935 Thirty One Years on the Plains and in the Mountains William F. Drannan,2023-12-22 In Thirty One Years on the Plains and in the Mountains William F Drannan offers a compelling autobiographical account of his life as a frontiersman during the tumultuous period of the American West Written in a vivid narrative style Drannan s work captures the rugged beauty and formidable challenges of frontier life interweaving personal anecdotes with historical insights The book reflects the spirit of adventure and exploration characteristic of 19th century American literature while providing a firsthand perspective on the cultural and social dynamics of the time including encounters with Native Americans settlers and the harsh realities of survival in a developing nation Drannan himself was a man of many trades including a scout Indian fighter and prospector His experiences which ranged from thrilling escapades to harrowing conflicts inform his authentic voice throughout the book Having navigated both the physical expanse and the moral complexities of the frontier Drannan s perspective is shaped by a deep understanding of the land and its people as well as a keen awareness of the historical shifts occurring in America during his lifetime This book is recommended for readers interested in the intersection of personal narrative and historical context particularly in relation to American expansionism Drannan s candid recounting of his experiences offers valuable insights into the lives of those who shaped the frontier making it a worthwhile read for historians adventurers and anyone captivated by the rich tapestry of the American West *Bulletin* ,1941
