The Dissolution of Yugoslavia and the Badinter Arbitration Commission Steve Terrett, 2017-11-22 This title was first published in 2000 Yugoslavia's dissolved at a time when rhetoric of the New World Order was firmly established in legal and political discourse Nevertheless the largely positive appraisal of international law's response to the Iraq Kuwait conflict has not been mirrored in relation to Yugoslavia This book evaluates the peace making efforts of the major institutional actors whilst focusing specifically on the Badinter Arbitration Commission an ad hoc EC created organ required to provide legal advice on the issues surrounding Yugoslavia's dissolution Initially composed of constitutional lawyers aiming to redraft Yugoslavia's constitution the Commission soon faced problems of public international law Its jurisprudence challenges international lawyers to reassess their state centric conceptions of international law in a world where most conflicts war crimes and human rights abuses exist within rather than between States This book is vital reading for anyone interested in international law international relations politics and central eastern European studies

Europe and the Collapse of Yugoslavia Branislav Radeljić, 2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia's dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branislav Radeljić offers

an empirical analysis of the EC's relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josip Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milošević and the beginning of the Yugoslav Wars. Radeljić explores the economic, political and social elements of these discords and also places emphasis on the role of Slovenes, Croats and other diasporas focusing on their capacity to affect policy making at a Europe-wide level. Radeljić argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non-state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region.

Boundary Issues in Central Asia Necati Polat, 2021-09-06. *Boundary Issues in Central Asia* provides detailed answers to: What was the legal framework within which the new states of Central Asia attained statehood? How did the administrative divisions of the former Soviet Union evolve almost overnight into inter-state frontiers and on what legal basis? Are Central Asian states content with the post-independence border arrangements? What outstanding border issues with states adjacent to the former Soviet Central Asia were inherited by Central Asian states from the USSR, the predecessor state? What became in particular of the perennial border disputes of the predecessor state with China? What border issues with the latter have since been settled by Central Asian states and what issues are pending resolution as well as to a host of other boundary-related questions such as the minority self-determination and ethnic border issues with significant bearings on the stability of the existing territorial arrangements, the legal regimes for the use of transboundary watercourses in the region including the dispute over the legal status of the Caspian Sea with its vast hydrocarbon resources. Serbian Paramilitaries and the Breakup of Yugoslavia Iva

Vukušić, 2022-09-30 This is the first book to offer a comprehensive analysis of the emergence nature and function of Serbian paramilitary units during the violent breakup of Yugoslavia The book investigates the nature and functions of paramilitary units throughout the 1990s and their ties to the state and President Slobodan Milošević The work relies on the archives of the International Criminal Tribunal for the former Yugoslavia in The Hague which conducted dozens of trials relating to paramilitary violence and records from judicial proceedings in the region It discusses how and why certain important paramilitary units emerged how they functioned and transformed through the decade what their relationships and entanglements were with the state the Milošević regime and organized crime The study thus investigates the interrelated ideological political and social factors and processes fueling paramilitary engagement and assesses the impact of this engagement on victims of paramilitary violence and on the state and society for which the units purportedly fought It argues that coordinated action by a number of state institutions gave rise to paramilitaries tasked with altering borders while maintaining plausible deniability for the sponsoring regime The outsourcing of violence by the state to paramilitaries led to a significant weakening of the very state these units and their sponsors swore to protect The book also analyzes differences between the units and how they attacked civilians arguing that the different forms of violence stemmed not only from the function they fulfilled for the state but also the ways in which they were set up and operated The final chapter brings the different strands of the argument together into a coherent whole suggesting avenues for further research in the former Yugoslavia and beyond This book will be of much interest to students of ethnic conflict and civil war war crimes Balkan politics and International Relations in general
