Extending Horizons Books

American Sex Revolution

Dr Christopher Turner

American Sex Revolution:

The American Sex Revolution Pitirim Aleksandrovich Sorokin, 1956 *The First Sexual Revolution* Kevin White, 1993 In the early 1900s a sexual revolution took place that was to define social relations between the sexes in America for generations As Victorian values gradually faded and a commercialized consumer culture emerged the female figure of the flapper came to embody early twentieth century femininity Simultaneously masculine ideals were also undergoing radical change Who then was this New Man to accompany the New Woman Who was the flapper's boyfriend In this remarkable book Kevin White draws on a vast array of sources to examine the ideology spread through movies advertisements sex confession magazines social hygienists sex manuals and Freudian popularizers that has defined modern American manhood Examining attitudes toward masturbation homosexuality violence against women feminism free love and the emerging dating system *The First Sexual Revolution* shows how American men in the Jazz Age were subjected to a barrage of information and advice about their sexuality that stressed not character but personality and sex appeal Repression was out sexual expression performance was in This New Man was more egalitarian and more sexual than the Victorian patriarch But the diffusion to the middle class of the Victorian underworld ethos of primitivism and violence against women and the flight from commitment to relationships heralded instability and tensions that continues to define American sexual relations To illustrate this point Dr White takes a close look through letters and diaries at the successes and failures of nine marriages involving actively feminist women demonstrating the pressures that this revolution in values caused Dr White concludes that the return to primitivism characterized by the men's movement marks the most recent aftershock of the revolution that has shaped us all [Sexual Revolution in Early America](#) Richard Godbeer, 2003-05-01 An Alternate Selection of the History Book Club In 1695 John Miller a clergyman traveling through New York found it appalling that so many couples lived together without ever being married and that no one viewed ante nuptial fornication as anything scandalous or sinful Charles Woodmason an Anglican minister in South Carolina in 1766 described the region as a stage of debauchery in which polygamy was very common concubinage general and bastardy no disrepute These depictions of colonial North America's sexual culture sharply contradict the stereotype of Puritanical abstinence that persists in the popular imagination In *Sexual Revolution in Early America* Richard Godbeer boldly overturns conventional wisdom about the sexual values and customs of colonial Americans His eye opening historical account spans two centuries and most of British North America from New England to the Caribbean exploring the social political and legal dynamics that shaped a diverse sexual culture Drawing on exhaustive research into diaries letters and other private papers as well as legal records and official documents Godbeer's absorbing narrative uncovers a persistent struggle between the moral authorities and the widespread expression of popular customs and individual urges Godbeer begins with a discussion of the complex attitude that the Puritans had toward sexuality For example although believing that sex could be morally corrupting they also considered it to be such an essential element of a

healthy marriage that they excommunicated those who denied conjugal fellowship to their spouses He next examines the ways in which race and class affected the debate about sexual mores from anxieties about Anglo Indian sexual relations to the sense of sexual entitlement that planters held over their African slaves He concludes by detailing the fundamental shift in sexual culture during the eighteenth century towards the acceptance of a more individualistic concept of sexual desire and fulfillment Today's moral critics in their attempts to convince Americans of the social and spiritual consequences of unregulated sexual behavior often harken back to a more innocent age as this groundbreaking work makes clear America's sexual culture has always been rich vibrant and contentious

The Sexual Revolution in Modern American Literature I. Glicksberg, 2012-12-06 1 The Dialectic of the Sex Motif in Literature Sex is a function of culture in literature today it plays only a small though aggressively righteous part Nature long held in bondage periodically breaks out in revolt but its victory is never complete In every society primitive as well as modern the sexual instinct is for good or evil always subject to some measure of regulation and restraint In literature where the battle between love and sex spirit and flesh is fought out in terms of symbolic action the writers support their cause for or against sexual freedom with varying degrees of evangelical ardor and outspokenness On this issue there is no unanimity for the simple reason that American culture is not unified in its beliefs concerning the nature of man The central conflict between instinctual needs and the claims of the ideal between physical desire and the inner check between Dionysus and Christ goes on all the time Sublimation is the cultural process whereby sexual energy is deflected from its biological source and diverted into spiritually higher and socially more useful channels But sublimation is for most men hard to achieve As civilization grows more complex the individual is exposed to a series of increasingly severe moral strains Pitted against Nature while subject to its laws he must henceforth be governed in his behavior by inner as well as outer controls

"The" Sexual Revolution in Modern American Literature Charles Irving Glicksberg, 1973

Youth and Sexuality in the Twentieth-Century United States John C. Spurlock, 2015-07-16 When did the sexual revolution happen Most Americans would probably say the 1960s In reality young couples were changing the rules of public and private life for decades before By the early years of the twentieth century teenagers were increasingly free of adult supervision and taking control of their sexuality in many ways Dating going steady necking petting and cohabiting all provoked adult hand wringing and advice most of it ignored By the time the media began announcing the arrival of a sexual revolution it had been going on for half a century Youth and Sexuality in the Twentieth Century United States tells this story with fascinating revelations from both personal writings and scientific sex research John C Spurlock follows the major changes in the sex lives of American youth across the entire century considering how dramatic revolutions in the culture of sex affected not only heterosexual relationships but also gay and lesbian youth and same sex friendships The dark side of sex is also covered with discussion of the painful realities of sexual violence and coercion in the lives of many young people Full of details from first person accounts this lively and accessible history is essential for anyone interested in

American youth and sexuality *America's Sexual Transformation* Gary F. Kelly, 2011-11-15 This book explains how the short lived sexual revolution 50 years ago has led to the current evolution of our sexual values and behaviors and social standards among youth culture examining topics such as communication technologies and sex teen pregnancy and divorce rates in the Bible Belt Is an increase in sexual activity during adolescence a normal part of the transition to adulthood or evidence of a societal problem Why would conservative religious youth become sexually active earlier than their peers and be more likely to have an unintended pregnancy or sexually transmitted disease How are women continuing to lead our society's sexual transformation Written by an author whose 40 year career in sexology and university administration provides a uniquely qualified perspective upon both sex research and the changing sexual perceptions of American youth this comprehensive book is a must read for both parents and policy makers *America's Sexual Transformation* traces the philosophical cultural and scientific developments responsible for the beginning and end of America's sexual revolution that have now spawned a more substantive sexual transformation It examines traditional theories and attitudes regarding sex and demonstrates how the findings of sex research provide entirely new paradigms that should replace outmoded and harmful theories This groundbreaking book also explains who we are as sexual individuals and how we got to be that way

Adventures in the Orgasmatron Dr Christopher Turner, Well before the 1960s a sexual revolution was under way in America led by expatriated European thinkers who saw a vast country ripe for liberation In *Adventures in the Orgasmatron* Christopher Turner tells the revolution's story an illuminating thrilling often bizarre story of sex and science ecstasy and repression **Sexual Liberation Or Sexual License?** Kevin White, 2000-06-19 This book chronicles American attitudes toward sex in the twentieth century **Adventures in the Orgasmatron** Christopher Turner, 2011-06-07 One of The Economist's 2011 Books of the Year A Boston Globe Best Nonfiction Book of 2011 Well before the 1960s a sexual revolution was under way in America led by expatriated European thinkers who saw a vast country ripe for liberation In *Adventures in the Orgasmatron* Christopher Turner tells the revolution's story an illuminating thrilling often bizarre story of sex and science ecstasy and repression Central to the narrative is the orgone box a tall slender construction of wood metal and steel wool A person who sat in the box it was thought could elevate his or her orgasmic potential The box was the invention of Wilhelm Reich an outsider psychoanalyst who faced a federal ban on the orgone box an FBI investigation a fraught encounter with Einstein and bouts of paranoia In Turner's vivid account Reich's efforts anticipated those of Alfred Kinsey Herbert Marcuse and other prominent thinkers efforts that brought about a transformation of Western views of sexuality in ways even the thinkers themselves could not have imagined

Whispering the Techniques of Language: An Psychological Journey through **American Sex Revolution**

In a digitally-driven world wherever displays reign supreme and quick interaction drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within words frequently go unheard. However, situated within the pages of **American Sex Revolution** a fascinating fictional prize pulsing with organic emotions, lies an extraordinary journey waiting to be undertaken. Published by a talented wordsmith, this charming opus attracts visitors on an introspective trip, softly unraveling the veiled truths and profound influence resonating within the very material of each and every word. Within the mental depths of this touching evaluation, we shall embark upon a heartfelt exploration of the book's primary themes, dissect their fascinating publishing fashion, and succumb to the strong resonance it evokes strong within the recesses of readers' hearts.
